HMS Alliance: Royal Navy Submarine Museum

ACROSS THE HARBOUR

Take the free seasonal waterbus across to Gosport's **Explosion Museum of Naval Firepower** capturing the vast array of powerful weaponry over the centuries. At the **Royal Navy Submarine Museum** squeeze into the tight spaces of the cold war submarine, HMS Alliance. Travel back to where it all started over 100 years ago with Holland 1, the Royal Navy's very first submarine.

GET ON THE WATER

All year round, get out on the water on the **Harbour Tour**, always a favourite and an unforgettable way to see one of the world's busiest and most historic harbours. There's something new and different every time you hop onboard, especially later this year when our country's latest aircraft carrier arrives home.

KEEP THE LEGACY ALIVE

At every turn, we are fighting time and the elements to preserve history. King Henry VIII's Flower of All Ships, resurrected 35 years ago, is the ultimate example of high-tech science in action. Watch closely as **Victory's** hull is encircled in a ring of steel rods, to protect her for the next 250 years. Traditional boatbuilding skills are honed on a historic collection of small boats, the vital backbone of any fleet and featured in The Forgotten Craft exhibition.
