DEAR GUESTS

Since our launch in 2021, our guests have always, and remain, at the heart of everything Ambassador is and does.

Our mission has always been to offer affordable quality experiences – something traditional, accessible and welcoming, but with a fresh approach. And this philosophy has proved a real success with you, our valued guests. Our business has seen a 25% year-on-year growth with over 184,000 guests enjoying true voyages of discovery in the time since we first set sail. And for that, I would like

to sincerely thank you for your trust in us delivering an unparalleled cruise experience, time after time.

In addition to offering truly exceptional cruise experiences that see 94% of our guests say they would recommend us to friends and family, we are very proud to have received widespread recognition in various awards, some of which are voted for by agents, others by the public and some by judging panels comprised of industry and/or professional experts. We have been nominated for 57 leading industry awards in the time since we first sailed, winning 24 ahead of other cruise lines who have been operating for far longer than our four years.

While recognition of this type is exceptional, we won't ever rest on our laurels; we are committed to ensuring that every moment you spend with us is nothing short of extraordinary, which is why we will continue to rely on your feedback to improve and expand our itineraries, amenities and services, each crafted with your comfort and convenience front of mind.

But, enough from me, I'll let our actual guests tell you about their Warmest Welcome at Sea:

“This was my first ever cruise... We were very impressed with the service at Tilbury the swift check-in, the meal as soon as we boarded and our cases were in our rooms before we got there.”

Mrs Singleton

“First class Ambassador. We had a fantastic time the cruise ship was excellent the staff were all very friendly and helpful the food was first class I wouldn't hesitate to sail again with Ambassador.”

N Fitzpatrick

“Excellent customer service from Ambassador. We have sailed with them many times and love them as a company.”

Ambience in Honningsvåg

INTRODUCING AMBIENCE

Meet our first lady of the sea: Ambience. In French, 'ambience' means 'environment' and we've created the perfect atmosphere at sea – one that brings out the best in everyone.

With an average 1,400-guest capacity and careful configuration, she offers a feeling of spaciousness and freedom. You will experience this as soon as you step into Centre Court, where the laid-back atmosphere and stylish interiors greet you with the warmest of welcomes.

Every day will be entertaining

Entertainment-wise, she really will spoil you for choice. World-class performers are waiting in the wings at The Palladium and parties after dark are warming up in The Observatory. Whether you like your drinks shaken or stirred, she has numerous bars to whet your whistle, including the speakeasy-style Raffles Bar, perennially elegant Botanical Lounge, SW19, and the Purple Turtle Pub.

Making dining delicious

Dining options are plentiful at our decadent Buckingham restaurant or Borough Market, where cuisine from all around the world will leave you spoiled for choice. You can enjoy a medley of flavours inside with a beautiful sea view or al fresco as you soak up the sunshine. Wining and dining are more than fine at Saffron*, Sea & Grass* or our deluxe Chef's Table*, where we offer a speciality gastronomic experience that's not to be missed.

You can put your best cards forward at Aces & Eights card room and the Ambassador Casino, or revive and renew at the gym and Green Sea Spa. Other facilities include Kapoor's, our onboard crafting studio, Brontë's Library, the shopping galleria, Partnership Lounge not to mention a swimming pool, hot tubs and a large outdoor screen for all sorts of fun.

DESTINATION EXPERIENCES

To enhance your sailing, our Destination Management team has designed a range of optional Destination Experiences to help you make the most of your time ashore. Visiting new destinations around the world is always an exciting prospect, so at each port we aim to offer a variety of experiences to appeal to all tastes and budgets. We strongly recommend that you use our pre-registration service to ensure your place is reserved on your top picks.

Advantages of participating in an Ambassador Destination Experience:

- The ability to pre-register experiences online. Payments for Destination Experiences are charged to your shipboard account, payable at the end of your cruise, or at regular intervals during longer voyages.
- Competitive selling prices and the knowledge that all experiences are operated under the management of responsible and experienced local ground handling agencies, which hold the appropriate insurance cover to offer such services.
- Peace of mind that if the return from your experience to the ship is delayed for any reason, the onboard team will be kept informed and make necessary arrangements for you.
- If we are unable to call at a specific port for any reason, all guests registered on our experiences will receive a full refund.
- If the itinerary or call timings change during the cruise, we will endeavour to make necessary amendments with the local agents to ensure the experiences programme continues to operate with as little disruption as possible.
- A dedicated Destination Experiences team is there to assist you with your choice of experiences and ensure smooth disembarkation and operation in each port of call.

Approximately eight weeks prior to the departure date, or earlier if arrangements are complete, you will receive an email notifying you that the Destination Experiences programme for your cruise is available to view and pre-register online via 'My Ambassador Sailing', or on the Ambassador App.

Then, buckle up for a non-stop, high energy, whistle stop journey around the world. This fast-paced spectacular bursts with colour, costume, and choreography, offering a true visual feast. A Night in Nashville

It's toe-tappin' time in a rustic bar nestled deep in downtown Nashville.

In this heartwarming and humorous tale of chance encounters, rekindled friendships, and love lost and found, the charm of the American South is on full display. With a live band recording soundscape, it has exclusive medleys and unexpected mashups, the soundscape is as rich as the story itself. From an explosive fire medley featuring "Sex on Fire", "Ring of Fire" and "You're on Fire", to a genre defying fusion of "The Devil Went Down to Georgia" with George Ezra's "Paradise", this is Nashville as you've never heard it before.

Theatre@Sea: Ding Dong

From the legendary Marc Camoletti, best known for the global hit Boeing Boeing comes another sparkling French farce: Ding Dong.

Set in an upscale Parisian suburb, the play follows Bernard, who's just discovered his wife Jacqueline's affair. His revenge? A proposition her lover can't refuse, unless he wants to risk more than heartbreak. Add a saucy maid and a high-class escort to the mix, and you've got a cocktail of chaos that's laugh out loud funny. Translated by Tudor Gates and adapted for the cruise stage by Chris Ford, Ding Dong is a pitch-perfect slice of classic French comedy. Sit back, relax, and prepare to be thoroughly entertained.

Theatre@Sea: Own Goal

Sex, seduction... and football?

It's match day at The Honey Pot, and while the lads are glued to the England game, cheeky chancer John Oldcastle sees an opportunity of his own....to charm his way into the hearts (and wallets) of two wealthy women. But what he doesn't know is that Maggie and Alice are best mates, and they're onto him. Throw in Maggie's hot-headed husband, George, and the game quickly turns into a riotous farce. With love triangles, mistaken identities, and red cards flying, it's anyone's guess who'll score the winner... and who'll score an own goal.

OUR SUSTAINABLE INITIATIVES

Ambassador is on a mission to be amongst the most sustainable cruise lines in the business – and being new to the market, we can make this happen from the outset.

When reviewing refit plans for our first lady of the sea, we invested in upgrades to ensure Ambience complies with the highest emissions standards worldwide (IMO Tier III).

Setting new standards by slashing emissions

To comply with the latest requirements, a company like ours must reduce nitrogen oxide (NOx) emissions by around 70%. We reduced Ambience's emissions by 95% from her first sailing in April 2022. The main modifications from our upgrade have resulted in an overall 7% fuel reduction, 80% less sulphur oxide (SOx) emissions, and an annual CO2 emission reduction of 5.358 tons – significantly relieving the impact on our oceans.

To comply with forthcoming EEXI Regulations (Energy Efficiency Existing Ship Index), Ambience will implement a shaft power limitation of 25%. The ship traditionally operated at 18.5 knots, but this has changed to 16.25 knots average speed. Ambition will undergo detailed studies as she comes into service to ensure our operating profile and power consumption exceeds EEXI targets for a ship of her type and age.

We reduced Ambition's emissions by only using the cleanest marine gas oil with 0.1% sulphur content and fitting our engines with Selective Catalytic Reduction units to decrease nitrous oxides emissions from around 10 to less than 2 g/kWh, which will exceed the IMO's requirements for Tier III – the highest standard in force today. We have removed the Exhaust Gas Scrubber and will be using cleaner fuel rather

than seawater washing to eliminate harmful sulphur from our exhaust. In addition, the old-fashioned waste incinerator has been removed and will be replaced with waste stream sorting facilities so that waste is processed and ready for passing on to recycling facilities ashore.

Implementing tomorrow's technology today

Both ships will be fitted with a new generation of Advanced Wastewater Treatment Plant, which not only exceeds the strictest sewage treatment requirements, but also requires fewer treatment chemicals. All our food pulpers on both ships have been replaced by "Bio Digesters" to break down food waste into water and heat. We have also installed bottle washers onboard, with our own bottling plant for both still and sparkling water – ensuring all our guests feel both responsible and hydrated.

Both our ships are now in the top 10%-15% for environmental sustainability, allowing them access to some of Europe's most untouched corners, including the breathtaking Norwegian World Heritage fjords.

Our careful itinerary planning means we use the ships' most economical speeds, and our use of premium Marine Gas Oil means we don't need to use energy to heat the fuel or to dispose of harmful heavy-fuel waste residues.

Today we are seeing more and more businesses turn paperless to limit wastage and maximise digital innovation. Ambassador Cruise Line is no exception. We are currently developing our onboard technology to help reduce our impact on the environment.

Ethical and sustainable cruising is the foundation of our brand. We'd love you to join us in the environmental revolution and help us make cruising more sustainable and efficient.

CHARITIES & PARTNERSHIPS

Ambassador Cruise Line is pleased to be able to support and work alongside a variety of charities and partners to support our ethical and sustainable values.

ORCA

We are proud to be continuing our partnership with ORCA, a charity dedicated to studying and protecting whales, dolphins and porpoises in UK and European waters. As part of our pledge, ORCA places conservationists on board a number of sailings on board Ambience and Ambition. These Ocean Conservationists will visit a number of countries to collect important scientific data in key areas, as well as deliver an enhanced onboard experience for guests.

Essex Cricket

Now in our fourth season with Essex Cricket, we're proud to have extended the partnership to become ground naming rights partner, with the club's home now named the Ambassador Cruise Line Ground. Our purple branding features on shirts and ground signage, with support extended to Essex Seniors and recreational clubs across the region.

Surrey Cricket

Following a successful first season, we've expanded our partnership with Surrey Cricket to become headline sponsors of the Festival of Red Ball Cricket. As reigning county champions for the past three seasons, Surrey continues to be a natural fit for us. We remain Official Cruise Line Partner of The Kia Oval, engaging supporters with competitions and exclusive offers.

London Stadium

Our London Stadium partnership enters its third year, helping us support the local East London community near our Essex head office. As exclusive Cruise Partner, we share sustainability goals with the venue, which hosts Premier League football, MLB, athletics, concerts, and more.

Help for Heroes

We continue to support Help for Heroes through fundraising and by hosting onboard talks, competitions, and events. We also provide veterans with exclusive access to cruises, helping promote the charity's mission to improve physical and mental health in our communities.

Warwickshire County Cricket Club

Now in our second year of partnership with Warwickshire County Cricket Club, based at the iconic Edgbaston ground, we continue to grow our presence and connect with fans and members. Through this partnership, we offer exclusive competition and promotions to experience the warmest welcome at sea.

Scottish Curling

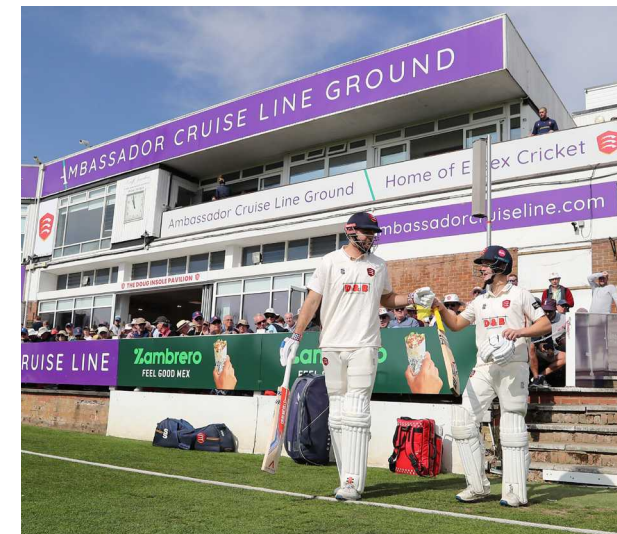

Following a successful year on the ice, we are entering the second year of our partnership with Scottish Curling, the national governing body for the sport in Scotland.

We're proud to support curling at all levels, enhancing the experience for players and fans alike, raising the profile of the sport, and introducing it to new audiences across the country.

Nottinghamshire County Cricket Club

We are delighted to announce we have signed up with another local cricket county - Nottinghamshire County Cricket Club.

Building on our support for county cricket, this partnership allows us to grow brand awareness and engage with supporters through exclusive offers, competitions and experiences throughout the season.

SAILING FROM THE UK

No-fly cruising from seven regional UK ports means you can start your holiday sooner without any queues, luggage restrictions, exchange rate worries or fuss at the airport – all for the best value.

As a no-fly cruise line, we take away all the stress that comes with flying. That means no busy airports, no transfer delays and no luggage constraints. With Ambassador, each guest can bring unlimited cases along for the journey at no extra cost; you just need to store it all in your cabin.

Check in before you leave home.

With well-connected transport links via rail and road and accessible car parks, reaching our various UK ports is a sea breeze. What's more, checking in online via My Ambassador Sailing before you walk out of the door means less to remember and a more seamless (and paper-free) boarding experience.

Our onboard currency is GBP£ sterling, which means no exchange rates and no wasted currency sitting in your back pockets at the end of your trip.

In terms of size, it matters to us. Our ships are mid-sized and are environmentally compliant with the latest industry standards, meaning they can reach certain ports and destinations that other cruise lines cannot. Did you know Ambience and Ambition are among the top 10-15% of ships to sail to the Norwegian World Heritage Fjords? It's important to us that our destination experiences showcase our world in all its natural beauty, and that includes uncovering hidden and less-accessible gems.

So, why not experience the difference for yourself? As one of Britain's newest cruise lines, we have a good impression to make. Be part of the new cruising era and see what all the fuss (and ease) is about.

INTRODUCING OUR PORTS FOR 2027-28

With Ambassador, no-fly cruising doesn't mean you have to compromise on destination.

For our upcoming 2027-28 season, we continue to offer an ample selection of sailings from the UK, including explorations of the Norwegian fjords, adventures around the British Isles, getaways to the Canary Islands and, for those looking further afield, the stunning Caribbean.

Thanks to our mid-sized cruise ships, you'll be able to access both the hustle and bustle of large port cities and the laid-back atmosphere of smaller, more secluded port destinations.

In 2027-28 we will offer no-fly sailings from seven UK ports, including:

- London Tilbury
- Belfast
- Bristol Royal Portbury
- Dundee
- Portsmouth
- Liverpool
- Newcastle Tyne

Looks like a cruise holiday is a lot closer to you than you think.

INTRODUCING THE NORTHERN LIGHTS

These sailings take you to the Arctic Circle during late autumn and winter to experience the grandeur of the Aurora Borealis, or Northern Lights. Traverse the ethereal landscapes of the Norwegian coast and enjoy yourself on a journey that provides the opportunity to see one of the most amazing shows on Earth.

Alta

In Norway's far north, Alta invites exploration amidst the Arctic wilderness. Must-see attractions include the captivating Northern Lights and weather permitting the prehistoric Rock Art of Alta, Norway's only UNESCO World Heritage Site.

Situated within the Arctic Circle, Tromsø was once the historic starting point for many Arctic expeditions. The city offers visitors the opportunity to witness the spectacular Northern Lights as well as enjoy a rich cultural scene, vibrant festivals, and stunning fjord landscapes.

Northern Lights

Witness the Aurora Borealis, a mesmerising spectacle that occurs only in Earth's polar regions. This phenomenon is caused when light particles from the Sun interact with Earth's magnetic field, creating colourful and dynamic patterns in the night sky.
