# WORLDWIDE CULTURAL EXPEDITIONS

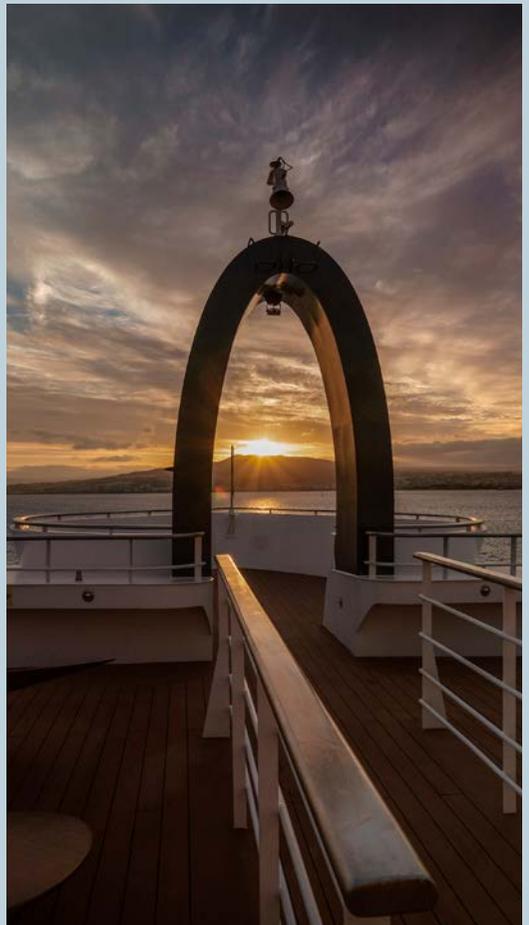

ANTARCTICA • ARCTIC • AFRICA • LATIN AMERICA •  
CENTRAL AMERICA AND THE CARIBBEAN • EUROPE • ASIA PACIFIC

# WHERE DISCOVERY LEADS THE WAY

*At Swan Hellenic, we believe travel is for the insatiably curious. Our expeditions aren't about ticking off destinations, they're about immersion in the story of each place. One morning might bring you face-to-face with a calving glacier, the next into a zodiac tracing the path of explorers before you. The ship shifts course not for schedules, but for what matters—whether that's whales surfacing at dawn or the chance to step ashore somewhere few have ever stood. Along the way, our experts connect the dots, bringing history, culture and science into sharp focus so every encounter resonates far beyond the moment. Evenings carry the ease of a dinner among friends, with accents from every corner of the world and conversations that change how you see things. Here, luxury doesn't announce itself—it quietly surrounds you, leaving you free to focus on what matters most: living the story as it unfolds.*

# CURIOSITY IS OUR COMPASS

Expedition, to us, isn't just a way of traveling. It's a way of thinking. It means moving with the moment, letting the world lead and treating every change in weather, wildlife or light as part of the unfolding story. We look beyond set itineraries, shaping each day around the opportunities it brings, such as slowing the ship to linger with a pod of whales or altering course to discover somewhere unexpected. Expedition for us is as much about venturing into the polar regions as it is exploring warm Pacific waters and other remote, rarely visited shores. It's about meeting local communities, discovering their traditions, and engaging in cultural activities that bring each destination to life. Our expedition team weaves these moments together, giving you a richer understanding of each landscape and each encounter. It's travel driven by curiosity and grounded in respect for the environment, the wildlife and the communities we meet along the way.

# LUXURY YOU DON'T **SEE,** YOU **FEEL**

Luxury is quietly confident, more felt than shown. Nothing shouts for attention, yet everything works in harmony to put you entirely at peace. You sense it in the flow of the spaces, the care in every detail and the comfort of knowing everything has been considered for you. The design is refined but never showy, and the service is personal without ever being intrusive. It's the kind of luxury that stays with you—not as something you noticed, but as something you simply lived.

# WHERE EVERY DETAIL KNOWS YOUR NAME

Welcome to a place where you can kick off your shoes without thinking. Where the crew greet you by name before you've even spotted them from across the room. Where your favourite gin pour appears without asking. And where breakfast arrives just the way you like it. The atmosphere is unmistakably relaxed, quietly refined—an ease that makes every space feel natural to be in. Conversations flow easily, whether with fellow travellers or the team who make the ship feel more like a home than a hotel. The ship isn't just where you stay. It's where comfort feels personal.

# TRAVEL THAT GIVES BACK MORE THAN IT TAKES

Sustainability isn't just part of the journey, it's woven into every choice we make. From refilling your bottle with water produced on board to joining our Citizen Science Program, we invite you to be an active part of protecting the places we visit. These aren't abstract ideas, but real experiences that stay with you. Like watching a glacier calve into the sea and feeling the magnitude of what's at stake. The impact isn't in what we tell you, but in what you see, feel and carry home—often with a renewed commitment to protect the world that has welcomed you in.

## CONNECTIONS THAT SPAN CONTINENTS

Step on board and you'll hear a mix of accents, each carrying its own stories and perspectives. Guests arrive from every corner of the globe, adding layers of culture that shape the atmosphere as much as the destinations themselves. Over dinner, you might swap travel tips with an Australian couple, pick

up local phrases from a Swiss photographer, or share a toast with new friends from Brazil. It's a community without borders, where conversations open windows to places you haven't yet seen — making the journey every bit as enriching as the destination.

---

## THE JOURNEY IS BETTER TOGETHER

Belonging here means more than fitting in—it's about feeling connected. There's an ease that comes from knowing you belong, not just to the group you're travelling with but to the places you visit. On board, that sense of connection grows naturally, through shared experiences and conversations

that stretch late into the evening. Ashore, it deepens as you step into new environments with curiosity and respect, becoming part of the moment rather than just passing through it. It's travel that feels collective yet deeply personal, a journey you take together but make your own.

---

## EVERY DAY IS YOURS TO DESIGN

We define freedom as choice. Your voyage unfolds entirely on your terms. Maybe that means immersing yourself in every lecture to deepen your knowledge or setting out on a morning zodiac cruise before spending the afternoon watching the

world drift by from the deck. Some days brim with activity, while others are left open for quiet reflection. However you spend your time, your experience is yours to shape—unhurried, unpressured and exactly as you imagine it.

This is a place of profound contrast and wonder — where volcanic shores, coralfringed atolls, and remote rainforests give rise to some of the planet's most biodiverse and untouched habitats. And then there are the people.

From Japan's fusion of ancient ritual and modern innovation, to Papua New Guinea's rich cultural mosaic and the legendary tales of castaways and mutineers, the human stories here are as captivating as the landscapes themselves — shaped by centuries of tradition, isolation, and discovery.
