2027 CRUISES

I'm delighted to share our **2027 programme** with you – a collection of sailings from January through to September that truly reflects everything we love about cruising. We've worked hard to create a schedule with something for everyone, offering sailings between three and 26 nights – whether you're dreaming of exploring new horizons, immersing yourself in local culture, or simply enjoying time at sea.

Adventurers will be drawn to our journeys to Scotland's wild isles, the untamed beauty of Svalbard and the striking landscapes of Greenland – back by popular demand. There's even a voyage visiting nine Northern European nations in just two weeks, each with its own stories to tell.

For those seeking a **gentler pace**, the sunlit shores of the Canaries, Spain and the South of France await. If it's **culture** that inspires you, you might be tempted by Danish hygge, the warmth of Irish craic, or the timeless pleasures of la dolce vita along the Amalfi Coast.

And then there's the **experiences** that will stay with you forever – husky sledding beneath the Northern Lights, the thrill of seeing humpback whales breach in the Atlantic, or the quiet majesty of the Norwegian Fjords. Norway, of course, is especially close to our hearts through our heritage, and I was reminded of its magic on a recent visit with my family.

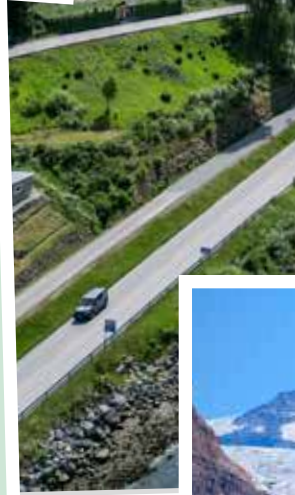

Some journeys offer the added joy of coinciding with **unique occasions**, from the colour and celebration of Malta's carnival to the beauty of Dutch tulip season or the rare wonder of a solar eclipse.

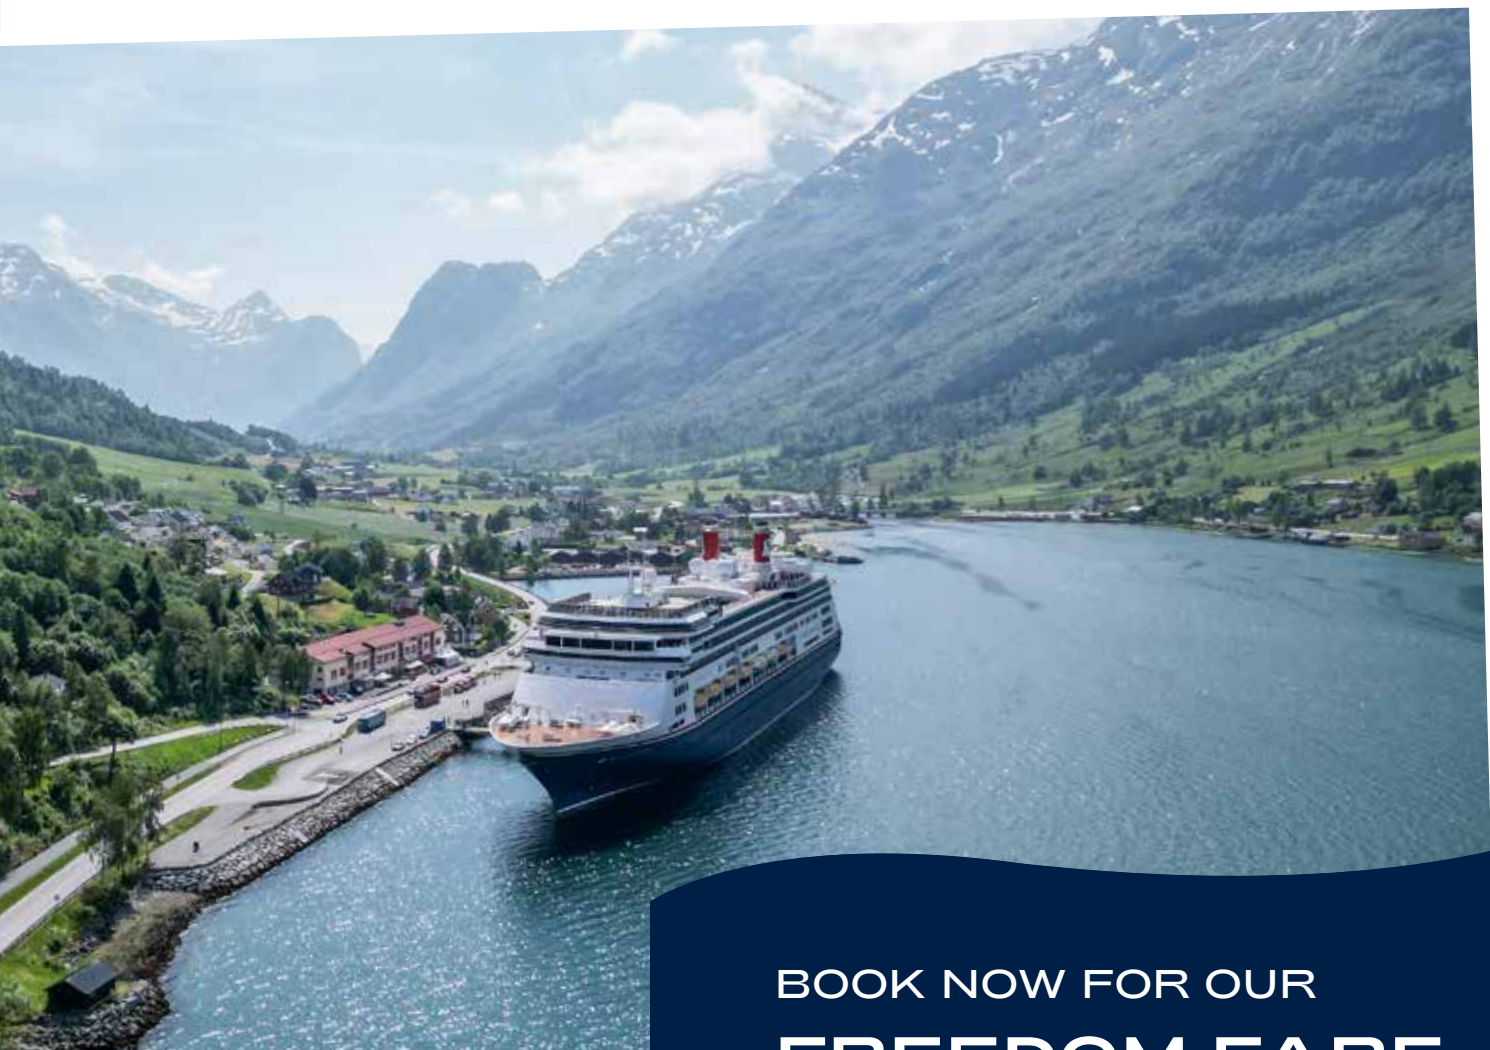

Most importantly, we've been listening closely to your feedback and continue to make thoughtful changes on board, so your time with us is every bit as memorable as the destinations themselves. You'll find more about this on page 7.

With warm wishes,

Samantha

ABOUT US

At Fred. Olsen, we're a little different to the bigger cruise lines, and proudly so.

To us, cruising is about enjoying the journey, seeing the world in comfort and style, and having the freedom to explore your way. Our ships are smaller by design, carrying fewer guests with one of the best guest-to-space ratios at sea, so you can enjoy a calmer, more spacious experience, with room to relax and quicker access ashore.

What sets us apart is our crew, who greet you with warmth, care and genuine attention, taking time to know you personally. And with itineraries that blend iconic destinations with hidden gems, our journeys are carefully curated to help you explore the world in a more thoughtful and rewarding way.

LATEST UPDATES

We're continually evolving our fleet to enhance your experience, from introducing new dining concepts and upgrading décor to creating exciting new spaces on board. From 2026 onwards, we're making further enhancements across our three ships based on the things our guests tell us they value most – more choice, more comfort and more moments to enjoy.

WHAT'S NEW

We recently announced some exciting enhancements to our dining experiences. Highlights include rotating menus at Colours & Tastes, from Grill to Italian favourites or bold Asian fusion. Guests can also look forward to an intimate Chef's Table experience with wine pairings, as well as the debut of *Borealis'* Fresco, a Mediterranean-inspired open-air venue perfect for light snacks in the sunshine or occasional evenings under the stars.

WHAT'S ON THE HORIZON

On the horizon, our enhanced Suite Dreams package will bring even more inclusions and thoughtful little luxuries to your stay in our finest accommodation, while some new daytime activities and entertainment options will give you even more ways to enjoy time at sea.
