Current requirements and step-by-step guide to boarding our ships

We've put together this simple guide to help you understand what you'll need to board your cruise from **Greece or the Arabian Gulf**. Please read the below information carefully, and note that the requirements for joining a cruise ship differ from the entry requirements set by the Greek and Arabian Gulf Authorities.

If you have any questions at all, please contact the appropriate customer service team for your embarkation port.

Travelling to Greece and the Arabian Gulf

Please check entry requirements before you travel. Contact the local embassies or consulates of the country you are visiting, or you can contact us directly.

Travel insurance

It's always best to be prepared. Taking out travel insurance for your cruise - and your entire trip - is highly recommended, so you're covered and have peace of mind.

Boarding our ships

1 Document check

You will need to present your e-ticket, passport and visa (if applicable).

2 Luggage drop-off

Following the document check, you'll move on to the luggage drop off point. Your luggage will be tagged with your stateroom or suite number, then security scanned by the local port authorities. Finally, it will be transferred to the ship and delivered to your stateroom.

3 Check-in

Once you've dropped your luggage, you'll be clear to head into the terminal and check in with our embarkation team. If you booked a suite Stargazer Suite, Grand Dream Suites, Grand Horizon Suites, Junior Dream Suites, on Celestyal Discovery/Celestyal Journey, please contact our land staff who will ensure you move swiftly through check in at a dedicated line for Suites.

At check in, you'll need to present a valid travel document i.e. passport or identity card, depending on your nationality. We'll use this to check that we have the right personal details for you, and they're correctly entered into our passenger manifest as per international regulations. Please make sure that all your travel documents are in good condition: damaged or worn documents may be deemed invalid by the authorities. We'll only keep your documents if further formalities are required in the intermediate ports. Otherwise, it will be returned to you. At this point you will receive your boarding card.

You must keep your boarding card with you throughout your cruise. It serves multiple essential purposes: it acts as your passport when disembarking at ports; your personal identification onboard; your stateroom key; and your onboard charge card for any purchases. It also holds your CelestyalPay credit, including any bonus credit if you have pre-purchased a food and beverage tab via our website or Contact Centres. For all these reasons, please keep your boarding cards safe during your journey.

You'll be asked to register a credit or a debit card against your cabin or suite, to allow purchases of any extras onboard. Please note: cash is not accepted onboard in any of our bars, restaurants or shops. Instead, all purchases are charged to your account and settled at the end of your cruise.

4 Security

Once you've completed check in, it's time to proceed to security. Just like in an airport, all your belongings and hand luggage will need to go into a tray and through a scanner, and you'll need to walk through metal scanners.

At our ports of embarkation you will not be required to scan liquids separately.

If you have a medical condition which exempts you from passing through the scanners, please speak to the port security staff, and make sure you have any supporting medical certificates with you.

5 Embark the ship

It all starts with a beep. It's a short walk or bus to the gangway, and when you enter the ship, security will scan your boarding card with a beep to begin your journey onboard.

This will happen every time you embark or disembark the ship in every port of call, so you'll always need your boarding card with you to avoid being denied reboarding. If you need any assistance with a wheelchair during embarkation, just let our land staff know.

6 Lifeboat/muster drill on day 1

To comply with all safety regulations and ensure the highest safety standards, there will be a general lifeboat drill, various crew drills and training exercises during the cruise.

You'll be required to attend a passenger's muster drill before the ship sets sail. You'll have to wear your life jacket, which is located in your cabin and gather at your muster station, where you'll be given safety instructions and get to know your station.

The time of the drill will be indicated in the daily program, as well as being announced over the public address system along with the sounding of the emergency signal.

First time cruiser? Don't worry, this is normal procedure for all ships. And it's a great opportunity to meet some of the crew and fellow guests.

Before you leave home

Travel documents for Greece and Turkey

Your travel documents need to be valid for the duration of the cruise. You'll need up-to-date identification cards or passports, as well as a Schengen visa with enough entries, depending on your nationality and on your itinerary.

If you require a Schengen visa, and your cruise begins and ends in different Greek ports, please make sure that you are issued a double-entry Schengen visa. In case you participate on a 14 day cruise please ensure you secure a multi entry Schengen visa if applicable.

We recommend you travel with a passport that will still be valid at least six months past your cruise date. If you are travelling with a national ID card, please note that you can only enter Turkey as a citizen from one of the following countries:

- Belgium
- Germany
- France
- Italy
- Lichtenstein
- Luxembourg
- Malta
- The Netherlands
- Portugal
- Romania
- Spain
- Switzerland
- Greece
- Poland
- Hungary
- Bulgaria

This travel document information is not exhaustive and only intended as guidance - some terms may be changed by local authorities without our knowledge. We strongly suggest you double check before you travel, by contacting the embassies of the countries you will visit during the cruise. This will make sure you take the correct documents and visas.

US, Canadian and most European citizens do not require a visa to travel on our itineraries. Please note that if you do not have all the correct paperwork, you are likely to be denied entrance/embarkation by the authorities. Refunds are not available in the event of documentation being incomplete or invalid.

If any minor is travelling with just one parent during the cruise, the written consent of the second parent is required. This must be certified and notarially legalized by a public legal authority.

If a minor is travelling without either of his/her parents escorting him/her during the cruise, the written consent of each parent is required.

This document will be required by the Greek Passport Control Authorities in the last port prior to any non-Schengen port (exit from Schengen territory). Passport Control Authorities reserve the right to ask passengers to interrupt their cruise, or deny their boarding, if the parental consent is missing.

Travel documents for Athens to Jeddah cruises

If you are traveling from Piraeus to Jeddah or Lavrio to Jeddah, please be advised that you must obtain a **Sea Transit Visa** for Saudi Arabia, as your cruise will conclude in Jeddah.

The **Sea Transit Visa** is a single-entry visa valid only for seaport entry. Holders are required to **depart Saudi Arabia by air within 72 hours** of arrival. During this period, you may choose to explore Jeddah, join a shore excursion, or enjoy an overnight stay in a hotel.

You may apply for the Sea Transit Visa online at <https://ksavisa.sa>. Applications can be submitted at any time but must be completed no later than 96 hours prior to arrival.

Important requirements:

- Passports must be **valid for at least six months** from the date of entry.
- **Travel insurance** is mandatory and can be selected during the online application. Costs vary depending on the chosen option.
- The approximate cost of the Sea Transit Visa is **US\$28**, subject to variation based on the insurance option selected.

We recommend completing your application as early as possible to ensure smooth processing.

Travel documents for Arabian Gulf cruises

In order to participate in this cruise, you must carry a valid passport that will still be valid for at least six months after your trip finishes. No identification cards (IDS) are accepted. Visa requirements for Qatar, UAE, Oman, Bahrain, Saudi Arabia, Jordan, Turkey and Egypt vary by nationality. Information must be checked in advance at the local embassies in your country of residence.

Please note that for nationals requiring a pre-issued UAE visa, only a Multi Entry UAE visa will be accepted in order to board the vessel. A single entry UAE visa is not sufficient to participate in the Desert Days cruises.

For itineraries calling Saudi Arabia, kindly note that all passengers must obtain a visa in advance.

Travel insurance

You're strongly advised to take out appropriate travel insurance for the entire duration of your trip. This will cover you against things like loss and/or damage to luggage; delay, curtailment and/or cancellation of the holiday (whether by the company/supplier or the guest), including for reasons due to COVID 19; illness; medical treatment (including without limitation for COVID 19); death or personal injury; repatriation.

We strongly recommend that your insurance policy covers you sufficiently from the time your holiday has been booked to the end of your holiday.

If you have not applied for your own travel insurance, you may contact Allianz Global Assistance using the following details:

Get Connected

WiFi Package

Like to unwind but stay online? We get it. **Celestyal One** includes free essential WiFi for every guest, every day, so you can stay connected.

WiFi internet access is available at a charge. At times, users joining the onboard WiFi network may experience delays or interruptions. Internet connectivity at sea relies on expensive satellite service by operators that specialize in marine communications and cannot be compared to ashore fixed networks in terms of reliability and cost.

This package allows you to browse the web, send emails, and even text family and friends via select messaging apps. And if you're still hungry for more data, don't worry - we have additional upgrade options available to purchase onboard.

Visit www.getwifi.no to access the WiFi onboard and enter your details as shown.

Please be aware that you will need to return to this webpage in order to pause the service once you have purchased a package.

Video streaming is not available with any package.

Mobile calls

We want to make sure you can always connect with your loved ones back home. So when the ship has sailed out of terrestrial coverage, a cellular service is activated onboard, powered by an international satellite provider and the ship's satellite network. If your mobile device's roaming is enabled, you'll be connected automatically to MONACO TELECOM with EPIC or 901-27.

This service is only available while cruising beyond terrestrial coverage. Your network provider may charge you for any phone calls, messages or use of data whilst roaming on this network; you should receive an SMS from your provider detailing the costs involved. To be completely sure, contact your home provider or turn roaming off on your phone.

Life onboard

Currency

The currency used onboard is the Euro. Major currencies can be exchanged for Euros at the ship's reception in limited amounts.

Your onboard account

Our vessels have a cashless system and all purchases onboard are charged to your stateroom account. Cash can only be used in the casino. If you didn't register a card at check-in, and you prefer to settle your account in cash, you'll need to leave a deposit at reception at the start of the cruise. We recommend 150 Euros for 3-night and 4-night Cruises and 200 Euros for 7-Night Cruises.

CelestyalPay

CelestyalPay is your dedicated pre-purchase food and drink tab when you're onboard, giving you the choice and flexibility to treat yourself to a range of beverages and specialty dining. From indulgent milkshakes to award-winning cocktails, succulent steaks to seafood risotto, you can choose how you spend your tab. Plus, when you pre-pay you'll get an extra bonus on us (see page 38).

The daily program

Every evening, a copy of the next day's program will be delivered to your stateroom. Your personal bulletin will outline all the events and activities, arrival and departure times at each port, shore excursion details, dining times and other important information such as the opening times of our shops, gym, spa, hair salon, the disco and the casino. The programme will also offer helpful advice on suggested evening wear and other useful information.

Celebrate the moment

Whether you want to celebrate a special moment with a loved one or spend quality family time together, you'll find exactly what you need onboard. You can pre-book a whole range of services in addition to your inclusive cruise package: visit our website or brochure for more information.

Star Bar, Celestyal Discovery

Entertainment day and night

When it comes to entertainment, the fun never stops. There's a packed program of events and activities every day with something for all ages to enjoy.

We're talking traditional and contemporary music, live shows, dancing lessons, exercise classes, language lessons and handicraft, lectures, sporting tournaments (where applicable) and much more. We start early while at sea and continue all day and into the evening.

Our nightlife features a whole host of entertainment with both Greek and international themes. We have excellent musicians, and you can discover the sounds of the bouzouki and popular Greek songs.

Head to our two-floor theatre, the Amphitheatro, for spectacular live shows every evening. Located on decks 7 and 8 on Celestyal Journey, and decks 8 and 9 on Celestyal Discovery, there'll be performances from magicians, artists and acrobats that will amaze and delight you.

You could be the star of the show in the karaoke nights, or learn to dance like a Greek (but no plate smashing - sorry!).

If the disco is more your thing, our DJ will get you moving and grooving with plenty of popular international music.

Night owl? Shake it till late at Horizons Bar & Lounge onboard Celestyal Journey or AFTer bar onboard Celestyal Discovery. You can be our Dancing Queen or King!

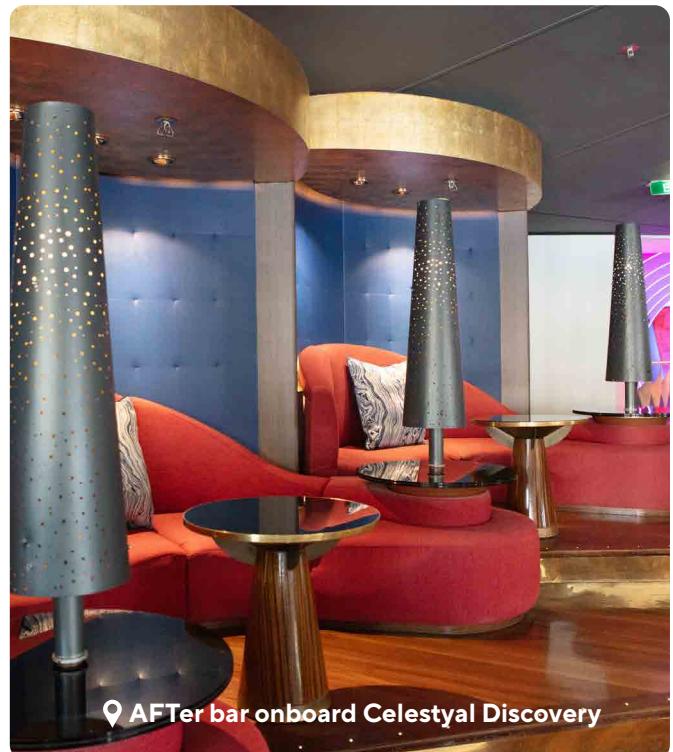

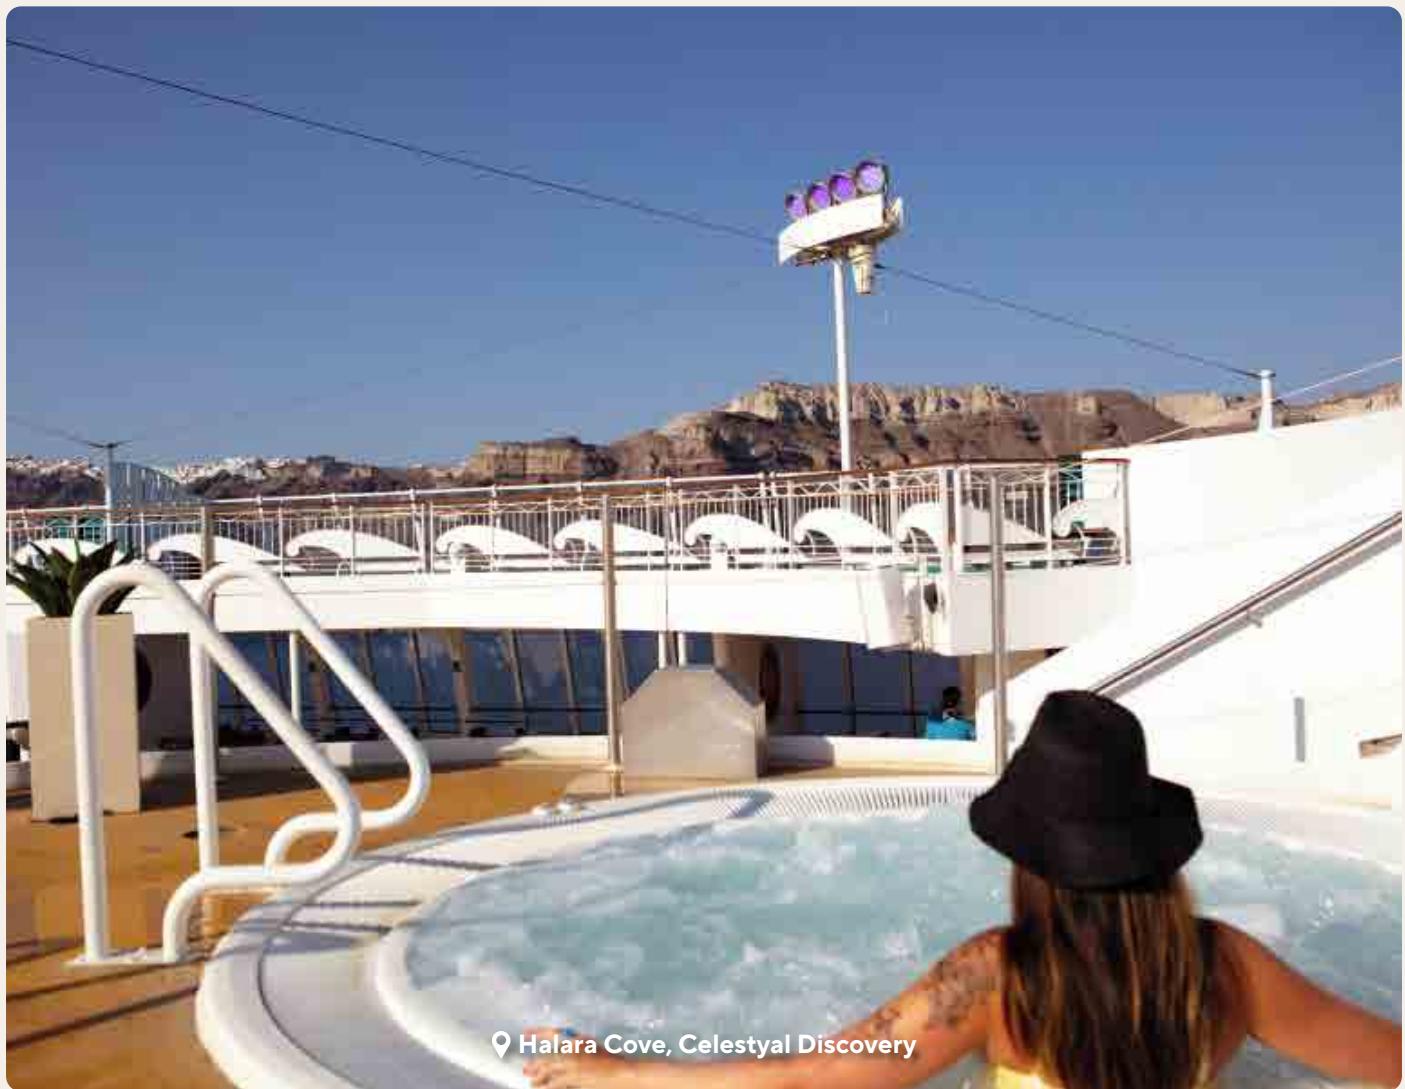

Formal evening

During our 7-night and 4-night cruises, we host an elegant night and Captain's Cocktail Hour in honor of our guests.

It's a chance to get glam; maybe a cocktail dress, something smart or a jacket and tie (not mandatory).

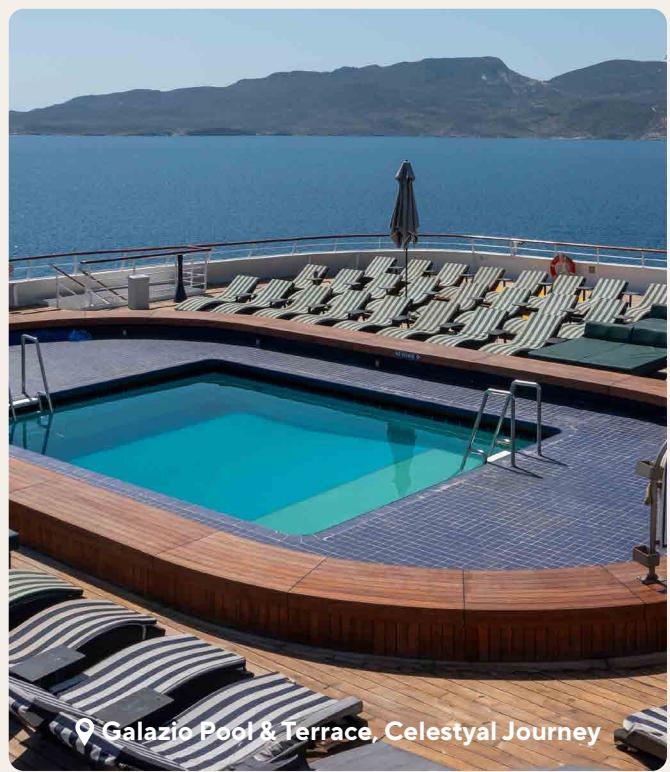

Wellness onboard

Relax by the pool

One of the very best places to chill out and relax onboard are the pool decks. Relax under the glorious sunshine with your favourite cocktail.

Just bring a pool towel from your stateroom and come on up. The size and number of pools varies from ship to ship.

📍 Gym, Celestyal Journey

Relax, keep fit, feel special

If you want to keep in shape or simply enjoy a little gentle exercise, we have a fully equipped gym - towels are provided.

Spa days at sea

Relaxation is easy on vacation, but why not make it really special? Take some time for yourself at our spa, waited on by attentive beauty experts who go the extra mile.

From classic massage, healing and ayurveda therapies to facial treatments, hair styling and luxury manicures, your onboard spa team creates an experience personal to you.

After that, it's time for a well-earned dip in the jacuzzi or sauna. Indulgent? You bet!

📍 Fig & Honey, Celestyal Discovery

Your health and wellbeing

Your health is important to us, and you'll be reassured to know that every Celestyal cruise has a well-equipped medical center onboard, staffed by a qualified doctor and nurse. If you're feeling unwell or need medical advice, you can make an appointment through reception. If it's an emergency, please seek assistance immediately.

Please note, the ship's medical center is not designed to the same standards as a land-based hospital. The medical facilities, supplies and equipment meet the requirements set by the ship's flag state.

If you require medical care or medication during your cruise, the cost will be charged to your personal account. We recommend checking your level of cover with your travel insurance company before departure, to understand which costs are likely to be included.

If you have any existing health conditions, please let us know in advance by emailing paxserv@celestyal.com

In some cases, you may be asked to provide a written statement from your doctor confirming that you are fit to travel. We will always do our very best to help with any special arrangements in your stateroom, but please notify us as early as possible so we can prepare accordingly.

Important: Guests over the age of 60, or those with pre-existing medical conditions are strongly advised to consult their doctor before travelling and to follow all relevant travel health advisories.

Photography

Onboard your Celestyal Cruise, you'll find professional photographers who are there to capture your special moments. Whether you're celebrating your honeymoon, anniversary or simply the vacation of your dreams, they'll be ready to photograph and film your experiences, both onboard and during your time onshore.

Choose from a variety of packages or purchase individual photos in print, on a DVD album, or downloaded onto a USB stick. And don't forget to buy your souvenir DVD of your cruise experience.

Shopping

Our onboard duty-free shops are where you can find everything from souvenirs and clothes to tobacco and spirits. They're well-stocked with daily essentials, beauty products, and thoughtful gifts — and our friendly shop assistants are always happy to help you find the perfect item. Please note that, in accordance with customs regulations, duty-free shops remain closed while the ship is in port.

Smoking policy

Smoking tobacco, cigars and electronic cigarettes is only permitted in designated areas.

What to wear

The weather in the Mediterranean is mild and pleasant year-round. If you cruise with us during the warmer part of the year, from May through September, light-colored cotton clothes will help keep you cool.

If you plan to swim in our pool, or at one of the incredible beaches we'll visit, you'll of course need a swimsuit. It's also important to remember sunglasses, a hat, and a good sunscreen, to help protect you from the Mediterranean sun. If you intend to use one of the well-equipped gyms on our ships, make sure to bring proper clothes and shoes (but don't worry about a towel, we'll provide it).

Air-conditioning is strong on the ship and because of the occasional sea breeze in the afternoon, we suggest that you also pack a light jacket or a windbreaker.

Dressing for our shore excursions

During the summer months, light-colored cotton or sports clothes that 'breathe' will help keep you cool on our excursions. Make sure that you wear comfortable shoes for all excursions. If you intend visiting a religious or pilgrimage site, please dress respectfully in long trousers or a skirt that falls below the knee, and please remember to cover your shoulders.

As we sail through autumn and winter, warmer clothing is recommended as temperatures will be cooler. Wind breakers and warm jackets are a good idea.

For cruises in the Arabian Gulf

Lightweight clothing like loose t-shirts, long-sleeved tops and scarves/shawls for women to cover the head and shoulders when visiting mosques will be handy. Shoulders and knees should be covered when visiting museums and other government buildings.

Cleavage should not be displayed and women should avoid two piece bathing suits at public beaches. Long trousers for men (not shorts) and T-shirts with sleeves are required for visits to mosques.

Dress code for dining rooms and restaurants

- Breakfast and lunch: casual and relaxed
- Dinner in dining rooms: smart casual (shorts not permitted)
- Speciality restaurants: formal

Please note that wearing tank tops, flip flops, bare feet and swimwear is not permitted in the restaurants at any time.

If you wish, after a long day ashore, you can have a more casual approach to dinner in the buffet-style Taverna.

Evening wear

We like our guests to feel relaxed, so our dress code on most evenings is casual. On slightly more formal evenings, settings, and occasions, we suggest smart attire: perhaps a jacket, tie, cocktail dress - an elegant outfit, if you please.

Dress up

We host several themed nights on our cruises - including White night and Tropical night when you are invited to wear something reflecting the theme - you're welcome to take part, but it's your choice.

Our Gulf cruises will feature an Arabian night while our Mediterranean cruises will feature a Greek night, where you'll be invited to wear blue and white (the colors of the Greek flag) - joining in is totally up to you.

During cruises of four nights or more, we hold an elegant night including the Captain's cocktail hour and the Ship's Officers' presentation. On this night, we encourage you to dress up a little with smart attire. Remember, the photographer will be there to capture the moment.

Check your daily program for a schedule of all evening events taking place during your cruise.

Footwear

For your safety and comfort onboard, we suggest sports shoes, flat deck shoes, or sandals with low heels. This footwear will make it easier for you to navigate the cruise ship decks and stairwells. Please do not walk barefoot on the open decks.

Accessories

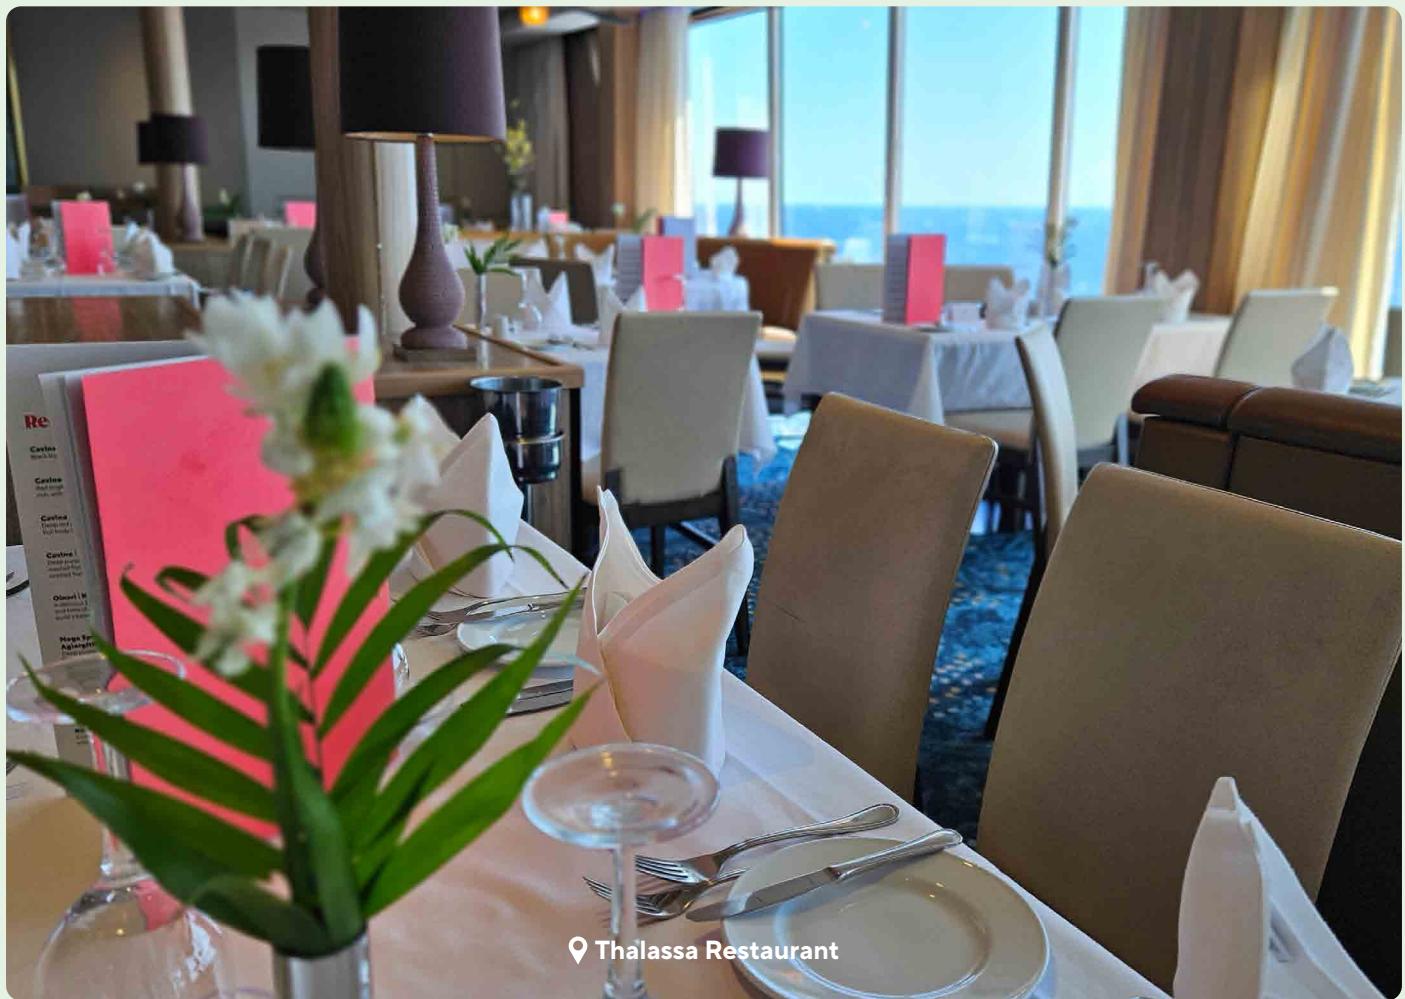

You'll need a hat, sunglasses, a bathing suit, sandals and perhaps a small umbrella. A scarf is also useful for covering up when visiting religious sites, or protecting yourself from the sun. Why not visit our onboard shops where you will be able to buy suntan oil, eye protection, bathing suits and anything else you might need?

If you have forgotten your camera, rest assured that our excellent photographers onboard will shoot incredible photos and videos for you.

Don't forget, you are at sea and even the Mediterranean and Arabian Gulf can get chilly on the water - pack some warmer layers for sea breezes, or pick up a sweater from our onboard retail stores whilst onboard.

Balance of your account

If you registered a credit card at embarkation, a detailed statement of your onboard charges will be delivered to your stateroom the day before disembarkation. Please review this carefully.

If you notice any discrepancies, please settle them at the Reception desk before leaving the ship. Your onboard account remains open until your final disembarkation.

A pre-authorization of €1 is applied when your card is registered. This is not a charge, but a temporary hold which will be automatically released by your bank in the days following your cruise. On shorter cruises (3 or 4 days), this amount may still appear as pending after disembarkation, since the ship cannot interact with banks directly.

Please note that your credit card may be charged more than once:

- A mid-week charge, as part of our rolling account settlement
- A final charge on the last night of your cruise

Additional charges may be processed after disembarkation, if needed, to finalize your balance.

Cash

If you deposited cash please settle your account at Reception the evening before disembarkation. Once your account is closed, any new purchases or services must be paid in cash.

Important information

Medical treatment

If you are on medication, please ensure you bring a sufficient supply for the duration of your cruise. Our medical center may not have your specific medicine available. If your medication requires refrigeration, please notify us at the time of booking.

We recommend bringing a spare pair of glasses or contact lenses if needed.

Please note that medical services and treatment onboard are at an additional cost. For consultation fees and medication charges, please refer to the Medical Center directly.

Pregnancy and infants

For safety reasons:

- Women who will be 24 weeks pregnant or more at any point during the cruise are not permitted to sail.
- If you are in the first 12 weeks of pregnancy, we strongly recommend consulting your doctor before traveling.
- We may request a medical certificate at any point and to refuse travel aboard our vessel if not satisfied that the passenger will be safe during the cruise.

Infants under 3 months old are not permitted onboard for health and safety reasons.

If you require a baby cot, please notify our Reservations Department when booking, as not all staterooms can accommodate them.

Please note:

- We do not stock baby food onboard
- We do not provide babysitting services

For more information or support, contact our Passenger Services Team on:

(+30) 216 400 9822 or (+30) 216 400 9821
or email: paxserv@celestyal.com

Note: If you have a medical condition or accessibility need, we kindly ask that you inform us well in advance so we can do our best to support you.

Guests with disabilities or impaired mobility

We want to make sure our cruises are a safe and enjoyable environment for everyone. If you have a mobility impairment, you'll need to provide us with full and detailed information at the time of booking.

If we believe there may be a safety concern for you or for your travel companion, Celestyal reserves the right to require that any guest with health or mobility challenges travels with someone who can take full responsibility for their care and support throughout the cruise.

If you or your traveling companion requires personal, individual care or supervision, this must be organized by you or your traveling companion at your cost. No Celestyal ship or staff or crew member can provide specific care or supervision to anyone, nor can we provide any form of medical care for a physical or psychiatric condition.

If you or the person with whom you are sharing your stateroom needs to use any special medical equipment during your cruise, you must tell us before you book your cruise. This means we can be sure that we're able to safely transport and store this equipment in your stateroom.

This also applies if you're traveling with a specially-trained guide or aid dog. If you are traveling with a guide dog, all documentation must be sent to our Passenger Services Department by email at paxserv@celestyal.com at the time of booking, to ensure that there will be no issues in any of the ports visited. In most of the Arabian Gulf countries, guide/service dogs are not permitted by the local Authorities, therefore, please contact our Passenger Services Department prior to booking your cruise.

We have a limited number of staterooms suitable for people with disabilities or whose mobility is impaired, but not all areas of our ships are accessible. Given these restrictions, bookings are dependent upon the availability of a suitable accessible stateroom. If you have a disability or mobility impairment, you must have a travel companion who can care for you throughout the selected cruise.

Any cost incurred will be on your account. If you're a wheelchair user, you'll need to bring your own normal-size wheelchair. Celestyal only carries wheelchairs for emergencies on its vessels.

Celestyal is not required or obliged to organize alternative activities onboard or onshore for guests with disabilities or whose mobility is impaired. Celestyal does not bear responsibility for the partial or complete inability of these guests to participate in advertised activities or on shore excursions during the cruise.

We will always do our very best to accommodate, satisfy and support the demands, needs and wishes of our guests,

be they medical, dietary or otherwise. Celestyal reserves (in its absolute discretion) the right to refuse to accept a booking or embarkation of a disabled person or person with reduced mobility on the grounds of safety.

Please note that if you're traveling with a wheelchair, you may not be able to disembark in ports where tender boat service is in use for safety reasons. All our itineraries include at least one or two tendering ports, so please do contact the Passenger Services office at paxserv@celestyal.com for further information.

Time to say goodbye

When your ship has docked, disembarkation will begin once the local port officials have given clearance, and all luggage has been offloaded.

Disembarkation will take place in small groups in order to avoid congestion in the terminal. It usually takes about an average of minimum two hours from the ship's berthing time until your final disembarkation. In the meantime, you can relax onboard.

As an indication, please note that the ride between Piraeus and Athens International Airport lasts approximately one hour, depending on traffic.

Traveling time from the port of Lavrion to Athens International Airport will depend on means of transportation and traffic, but the average travel time is around 40 minutes. If you have an early flight, contact the reception desk onboard for further assistance.

The distance between Doha port and Hamad International Airport is approximately 14km.

The distance between Mina Rashid cruise terminal and Dubai International Airport is 13 km.

The distance between Abu Dhabi Cruise terminal and Zayed Port is 35km and the ride would last approximately one hour depending on traffic.

You can also contact our Passenger Service department at paxserv@celestyal.com.

Frequently asked questions

General information

1. Who is eligible to book a cruise with Celestyal?

Guests of all nationalities and residencies are eligible to book. Please note that it is each guest's responsibility to ensure full compliance with all entry requirements for the country of embarkation.

Embarkation terminal experience

2. Can a guest join the ship at a future port of call?

Guests who are unable to join the ship on the first day may embark from one of the intermediate ports, but only if this has been arranged and approved in advance by the company.

Important: Please note that guests are not permitted to join the cruise at the ports of Mykonos, Patmos, or Santorini, as local authorities do not allow cruise embarkation or disembarkation at these destinations.

3. Will a separate check-in and lounge area be available for suite guests?

There will be a separate check-in flow at the terminal for suite guests. No separate lounge is available at any terminal.

4. Are there any luggage recommendations or restrictions?

Luggage will be dropped off and picked up at the port terminal. This procedure is handled by the local porters until the ship's gangway, then by the ship's personnel. Please make sure that your luggage is clearly labelled and bears the luggage tags provided by the company.

5. What if a guest is not feeling well in the days leading up to their cruise?

If you're feeling ill leading up to the cruise departure date, it's recommended that you do not travel, but contact us or your travel agency to re-schedule.

6. Can I get off the ship on my own?

Guests are free to visit the sites on their own at their leisure.

7. Disembarkation procedure in the intermediate ports of call and specifically in Santorini (tendering, cable car capacity)

In tendering ports where local tenders are used for disembarkation and embarkation (Santorini, Patmos, Mykonos and Milos), the specific protocols of the Hellenic Ministry of Health are in force.

About travel insurance

8. Do I have to have travel insurance to take the cruise?

We strongly recommend travel insurance for both your cruise and the entire trip, from the time you leave home until the time you return, either bought from Celestyal or another insurance provider.

9. Do I need to carry a copy of my insurance policy on the cruise?

Yes, it's always recommended to carry your travel insurance documents with you, either in digital format or as a hard copy, in case you need to make a claim.

10. What will happen if I do not have the insurance documentation with me. Will I be able to embark?

As travel insurance is strongly recommended and not mandatory, you will not be required to present proof in order to embark your cruise. That said, we strongly recommend that you do carry these documents with you, in case you're asked to present them or have to make a claim.

Frequently asked questions

Group business & onboard events

16. Can group leaders or other members of a group request early boarding?

Currently early boarding is not available due to sharp turnaround on all itineraries.

17. Are groups able to bring materials and equipment onboard for use during the cruise?

Groups can bring materials onboard, as long as an exact list with clear descriptions of each item has been agreed with Celestyal in advance.

18. Are hospitality / registration desks still permitted?

Onboard hospitality/registration desks are not permitted. If your company wants a service like this onboard, your group leader will need to speak with our cruise director who will try to provide assistance, depending on requests.

19. Will groups be allowed to bring outside gifts or goods for stateroom deliveries?

Yes. Outside gifts or goods brought onboard must be sealed in a bag. No food products will be accepted. Please contact our Passenger Service department before bringing any items onboard at paxserv@celestyal.com.

20. Can dining seating be arranged for group guests?

We operate an open-seating dining service, so guests can enjoy their meals at their leisure. For the comfort of all guests, we do not make reservations in the dining rooms.

21. Are the onboard conference centers accessible to host group meetings and events?

Yes, all such requests must be made in advance to Celestyal's group desk. Group meetings will be confirmed subject to availability. Extra charges may apply.

Tourism Sustainability Fee

**Greek Law 5162/2024 and Ministerial Decree
FEK B/3343/30.06.2025.**

22. How do guests find out about the fee?

Celestyal guests will be contacted proactively via email (either directly or via their travel advisor), details will be available on the website, with messaging in the port terminals, and onboard announcements.

23. How and when is the fee charged?

Our onboard system will charge your account when you scan your card to disembark, based on the ports of disembarkation, and each applicable port fee. The balance will be due for payment at check-out.

24. Will I see the fees during the cruise?

Yes. Charges will appear as a line item on your onboard account.

25. What if I don't disembark at any ports?

Only guests who scan their cards to disembark at Greek ports are charged. If you choose to stay onboard, no fee is applied.

26. Will the fee affect the cruise price?

No. The fee is added to the onboard account, not included in the fare.

27. Does the fee apply to all Greek ports?

Yes, the fee is charged per person per visit. If you are doing two cruises or back-to-back sailings and the itinerary includes visiting the same port on different days, the port disembarkation fee will apply each time you disembark on those separate days.

28. Are children or infants exempt from the fee?

No. Celestyal has been advised by the Greek government that the Tourism Sustainability Fee applies to all guests.

29. Do Greek guests have to pay the fee?

Yes. Greek nationals are subject to the Tourism Sustainability Fee.

30. What documentation do prepaid organised tour/group guests need to present?

If you are part of an organised tour who has prepaid their Tourism Sustainability Fee, each group guest or accompanying group leader must present a payment confirmation email on embarkation. Please check with your tour leader if this has been prepaid prior to embarkation – if it has, the information will also be reflected in the terminal check-in list and PMS.

31. What about refunds?

Any groups where their group leader has pre-paid on their behalf, the applicable refund will be processed directly with the group leader after the cruise. If a tour operator or group leader prepays for their group, refunds will go directly back to the tour operator.

32. Where will the funds go?

The revenue contributes to local port enhancements (e.g. accessibility, waste management) and national environmental conservation.

33. Does Celestyal benefit financially from the Tourism Sustainability Fee?

Please note that these fees are set and mandated by the Greek authorities and apply to all cruise lines operating in Greece. Celestyal does not determine or control these charges. Celestyal acts as an intermediary for the collection and remittance in full of the Tourism Sustainability Fee, in compliance with legal obligations. Celestyal does not retain nor derive any profit from the collection of this fee.

We can't wait to welcome you onboard.

See you very soon.
