

Ship Information

GREG MORTIMER

The *Greg Mortimer*, named after our co-founder, utilises some of the latest advancements in naval design & technology to revolutionise the small ship expedition cruising experience. The Ulstein X-Bow® hull makes sailing smoother and faster, and our ship can utilise a virtual anchoring system using GPS and high-tech steering to hold the ship's position so that sea floor is protected. Shore excursions are also made easier with four sea-level Zodiac-loading platforms, a mudroom and an activity preparation area, designed in close consultation with our world-renowned expedition and activity leaders.

SHIP FEATURES

- Highly qualified and experienced expedition team and international crew.
- The Ulstein X-BOW® hull allows the ship to pierce through waves to maintain speed of travel thus offering faster, more comfortable travel, lower fuel consumption and reduced emissions.
- All cabins feature twin or king bedding configuration and private bathrooms. 80% of cabins include a private balcony. Over 20 interconnecting Balcony Staterooms. 60% of cabins can accommodate a third person (triple share on request).
- Purpose-built activity preparation areas including four Zodiac-launching platforms for fast and safe transition off the ship as you embark on multiple daily excursions.
- Observation lounge and viewing platforms offer spectacular panoramic views of scenery and wildlife.
- State-of-the-art lecture theatre, two jacuzzis/plunge pools, multi-media room and library, gym, wellness centre and more!
- Starlink Wi-Fi - Free
