Ice Landings in Antarctica

What sets a Seabourn Expedition apart isn't the destination alone — it's the depth of access we provide. Early season voyages in Antarctica offer the chance to land on vast sea ice, a rare experience made possible by ideal conditions and our ice-strengthened hulls.

Scan the code to see all our
new 2028–2029 voyages.

A full-page photograph of a seal's head emerging from the water, looking directly at the camera. The water is a deep blue, and large, white icebergs are visible in the background. The seal's reflection is clearly visible in the water below it.

EXPLORE

like never before

Where Luxury Meets Exploration

EXPERTLY GUIDED, ALL-INCLUSIVE JOURNEYS TO THE WORLD'S MOST

PURPOSE-BUILT EXPEDITION SHIPS

Seabourn Venture and Seabourn Pursuit were carefully designed for expedition cruising, with ice-strengthened hulls, dual Zodiac® loading platforms, and thoughtful onboard touches like fireplaces and infinity pools.

WORLD-CLASS EXPEDITION TEAM

A team of academics, scientists, and naturalists share their expertise on board and ashore during insightful Fireside Chats and casual interactions throughout your voyage.

INCLUDED EXPERIENCES AT EVERY STOP

Guided Zodiac excursions, nature walks, hikes, and cultural tours are all included. Your Expedition Team plans each day around weather conditions and wildlife activity, so every outing reflects the best each destination has to offer.

REMOTE AND REMARKABLE PLACES

ANTARCTICA

NEARLY 30,000 SQ. FT. OF OPEN DECK

Whales, calving glaciers, and the Northern Lights unfold effortlessly before your eyes from our uncrowded decks and inviting public spaces. With just over 250 guests on board, every vantage point feels like your own.

HIGHLY PERSONALIZED SERVICE

An intimate guest-to-crew ratio means your preferences are noticed and remembered. The team on board anticipates what you need before you ask, from a refreshing drink waiting after an outing ashore to your suite prepared exactly how you like it.

SEAMLESS EXPERIENCE

Explore the world's wildest places with personalized service every step of the way. From Zodiac landings led by expert naturalists to shore walks paced to your comfort level, the Expedition Team adapts each moment around you.

2028 Welcomes Seabourn's 40th Year

In 2028–2029, Seabourn will mark two milestones: our Ruby Jubilee, celebrating 40 years at sea, and our 15th year of Expedition cruising. With that in mind, we are excited to unveil these new voyages, ports, and experiences in the world's most remote places.

There has never been a more exciting time to embark on a Seabourn Expedition. Our team is continuously refining every aspect of your experience, including curating new itineraries for our purpose-built Expedition ships and crafting unforgettable experiences alongside our world-class Expedition Team.

This is only the beginning — there is so much more to come as we continue to reveal new ways to explore together.

40

SEABOURN®

40 Years at Sea, and We're Just Getting Started

ONBOARD ENHANCEMENTS

Across the fleet, we are introducing a series of updates designed to bring greater choice, freshness, and regional inspiration to our onboard dining. These enhancements reflect our continued focus on refining the details that matter most to our guests, while ensuring each experience feels both familiar and thoughtfully elevated.

EXPLORE SEABOURN'S RUBY COLLECTION

Some journeys stay with you forever. Ours began in 1988, when we first set sail as *The Yachts of Seabourn*. Today, that pioneering spirit shapes voyages that honor our heritage while looking boldly ahead. Explore remote locales from the Faroe Islands to the Falklands or embark on our second-ever Grand Expedition: Pole to Pole, spanning from the Arctic to Antarctica.

JOIN THE CELEBRATION AT SEA

In 2028, every Seabourn sailing will come alive with ways to celebrate our Ruby anniversary and pay homage to our past, present, and future. From specialty events, signature experiences, and themed parties to programming inspired by eras past, prepare to celebrate — Seabourn style.

A Luxury Fleet

DESIGNED TO FEEL LIKE PRIVATE YACHTS

When Seabourn first set sail in 1988, we introduced something the world had yet to experience: a luxury fleet of small ships designed to feel like private yachts. Defined by open decks, highly personalized service, and the freedom to explore ports beyond the reach of larger ships, *The Yachts of Seabourn* pioneered a new way of exploring the world.

Our Expedition ships continue that legacy today — cruising the most remote corners of the world in luxury and comfort with an Expedition Team planning and leading unforgettable experiences on land and at sea.

Included Experiences to Deepen Your Discovery

- **ZODIAC® CRUISES & LANDINGS**

Ride alongside glacier walls, weave through icebergs, and land ashore with your Expedition Team.

- **GUIDED WALKS & HIKES ASHORE**

Trek across tundra landscapes to penguin colonies, scenic viewpoints, and historic sites.

- **FIRESIDE CHATS & EXPEDITION BRIEFINGS**

Your Expedition Team shares regional insights through Fireside Chats, daily briefings, and informal conversations.

- **CURATED CULTURAL IMMERSION**

Go ashore in remote communities to meet residents and experience traditions passed down through generations.

Ruby Collection

In honor of our 40th anniversary, we're introducing the Ruby Collection — a curated selection of new and distinctive ports, itineraries, and experiences debuting in 2028.

NEW ITINERARIES

2028 will feature the most Arctic itineraries and experiences in our history, with both Seabourn Venture and Seabourn Pursuit exploring the polar region simultaneously.

NEW & DISTINCTIVE PORTS

We are introducing a new wave of rarely visited ports in 2028 — from the seabird-covered islands of the South Atlantic to the iceberg-filled waters of Nunavut.

EXPEDITION EXPERIENCES

Join your Expedition Team on inclusive experiences, such as hikes and Zodiac cruises, or go deeper with optional kayak excursions and our Image Masters photography program.

GRAND EXPEDITION: POLE TO POLE

A Seabourn Exclusive, our 2028 Grand Expedition: Pole to Pole voyage departs on August 16, 2028, for an incredible 96-day journey from the Arctic and Northwest Passage to Antarctica.

Look for this icon for our
Ruby Collection itineraries

NEW Itineraries & Ports

Our newest voyages and experiences invite you to explore more deeply than ever before — discover what's new, what's returning, and what's been reimagined across the globe.

NEW Itineraries

Summer 2028 features both Seabourn Pursuit and Seabourn Venture in the Arctic, offering more itinerary and destination options than ever. Explore new voyages in the Arctic and beyond, pairing iconic regions with fresh perspectives.

- » **NEW** 12-Day Summer in Iceland & the Faroe Islands voyage sails round-trip from Reykjavík with three calls in the Faroe Islands
- » **NEW** 16-Day Exploring the Torngat Mountains & Baffin Island voyage ventures north into Nunavut in search of walruses, polar bears, and icebergs
- » **NEW** itineraries combine the Norse ruins and sparkling glaciers of Greenland with Inuit villages and winding fjords along the Labrador Coast
 - 18-Day Sagas & Sea Cliffs: Greenland to Newfoundland
 - 15-Day Greenland, the Torngat Mountains & Labrador Coast
- » **NEW** 22-Day Juan Fernández Islands, Chilean Fjords & Antarctica voyage pairs the remote Pacific archipelago with Chile's scenic coast and the White Continent of Antarctica

NEW Ports

Seabourn continues to expand our itineraries, giving you access to undiscovered gems ready for exploration.

- » **NEW in Canada:** Eclipse Channel, Hopedale, and Saglek Fjord, Labrador; Isabella Bay (Ninginganiq) and Qikiqtarjuaq, Nunavut
- » **NEW in Greenland:** Exploring Watkins Fjord
- » **NEW in Ireland:** Cape Clear Island
- » **NEW in the Faroe Islands:** Tvøroyri
- » **NEW in St. Helena, Ascension & Tristan da Cunha:** Boatswain Bird Island

Returning Favorites

As we approach 15 years of Expedition cruising, these destinations have become perennial guest favorites.

- » **Svalbard:** We will return to the far reaches of Norway with new itineraries limited to just 199 guests.
- » **The Northwest Passage:** Follow in the wake of renowned explorers into the Northwest Passage and High Arctic.
- » **Ultimate Antarctica, Falklands & South Georgia:** Experience king penguins waddling across secluded beaches and albatrosses soaring through the sky.
- » **2028 Grand Expedition: Pole to Pole:** Embark on a bucket-list journey from the Arctic to Antarctica.

Grand Expedition

2028 POLE TO POLE HIGHLIGHTS

**SEABOURN VENTURE • 96 DAYS • REYKJAVÍK TO BUENOS AIRES
AUGUST 16, 2028 • 60 DAYS OF EXPEDITIONS • POLE TO POLE**

HIGH ARCTIC EXPLORATION

Step into otherworldly landscapes, cruise through sea ice, and connect with remote cultures in Greenland and Canada.

WORLD OF BUCKET-LIST WILDLIFE

Polar bears, beluga whales, penguins, leopard seals — encounter them all in a single voyage. View wildlife at sea level by Zodiacs® or kayak, from the open deck, or from your suite's private veranda.

EXPLORE SOUTH GEORGIA & THE FALKLAND ISLANDS

The Falklands' smaller islands are havens for black-browed albatross and five penguin species. In South Georgia, a wildlife sanctuary home to over 450,000 pairs of king penguins, the scale is staggering.

ABUNDANT OPPORTUNITIES TO SEEK OUT THE NORTHERN LIGHTS

The ship's Constellation Lounge, with its floor-to-ceiling glass walls and 270-degree outward-facing views, puts you front and center as ribbons of green and violet light dance across the Arctic sky.

BOOK NOW AND ENJOY THESE AMENITIES AND MORE:

- » Up to \$10,000USD Shipboard Credit Per Suite*
- » Upgraded Stream Wi-Fi packages, powered by Starlink (2 devices)*
- » Included Round-trip Business Class Air*
- » Unlimited laundry*
- » One-night pre-cruise hotel stay in Reykjavík*
- » Exclusive Grand Expedition gifts*
- » Two kayak tours per guest (one per hemisphere)*

Scan the QR code for the full list of amenities and for more information about the 2028 Grand Expedition.

HIKING EXCURSION, SVALBARD

WILDFLOWER, GREENLAND

THE ARCTIC & NORTHWEST PASSAGE

With both Seabourn Venture and Seabourn Pursuit sailing throughout the Arctic regions in 2028, the options for discovery are extraordinary, from Svalbard's polar bear territory and Greenland's mammoth icebergs to Inuit communities along the Northwest Passage and the otherworldly shores of Iceland.

SEASON HIGHLIGHTS

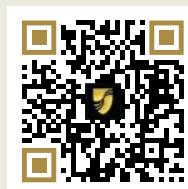

- » Wind through breathtaking fjords on **included Zodiac® excursions** and traverse tundra landscapes alongside **your Expedition Team**
- » Spot **breaching whales and elusive polar bears** from on shore, on deck, or even your private veranda
- » Visit remote Arctic settlements to **learn the history, traditions, and customs of Inuit culture**

NOTABLE DESTINATIONS

- » Embark on **NEW Svalbard itineraries**, spending six days in this remote corner of Norway
- » Follow the **midnight sun to the High Arctic**, where untouched landscapes and unique wildlife await

EXCLUSIVE EVENTS

- » **Caviar on the Ice**
- » **Polar Plunge**

The Arctic, Expertly Revealed

CLOSER, DEEPER, AND MORE IMMERSIVE

With two purpose-built expedition ships exploring distinct regions across the far north in 2028, **Seabourn offers one of the most diverse ways to discover the Arctic** — each journey revealing a different perspective of this remarkable destination.

- » Expert Expedition Team guiding every step of your journey
- » Purpose-built ships for immersive, up-close exploration
- » More time for deeper discovery in every destination
- » Extended time in the High Arctic
- » Largest population of polar bears living in their natural Svalbard habitat
- » Seamless service

NORTHERN LIGHTS AT SEA

SVALBARD: Wildlife Encounters at Their Most Raw

A remote and protected Norwegian archipelago, Svalbard offers one of the **Arctic's most concentrated wildlife experiences**.

- » Witness the Arctic's largest population of polar bears in their natural habitat
- » Explore a pristine wilderness with limited human presence
- » Experience an intimate expedition atmosphere with just 199 guests

CANADIAN ARCTIC: Vast Landscapes and Untouched Wilderness

This expansive region reveals the **Arctic at its most remote**, where dramatic terrain and rare wildlife define the journey.

- » Explore the Torngat Mountains and untouched tundra landscapes
- » Discover Ellesmere Island, Canada's northernmost frontier
- » Encounter polar bears, musk oxen, and Arctic wolves in the wild

NORTHWEST PASSAGE: Legendary Routes, Reimagined

Once **the domain of early explorers**, this historic passage offers a rare opportunity to follow in their wake — now with modern comfort and access.

- » Navigate one of the world's most storied Arctic routes
- » Search for polar bears, walruses, beluga, and bowhead whales
- » Connect with remote communities and preserved cultural sites

GREENLAND: Culture, Ice, and Arctic Wonder

From **dramatic fjords to vibrant communities**, Greenland offers a richly layered Arctic experience shaped by both nature and culture.

- » Explore Sermitsiaq fjords and towering ice formations
- » Visit remote communities living in balance with the land
- » Discover the vast wilderness of Northeast Greenland National Park
- » Search for narwhals in their natural habitat

The Arctic & Northwest Passage

SPOTLIGHT ON SVALBARD

Round-trip expeditions from Reykjavík offer up to six days exploring this Norwegian archipelago, with a limited capacity of just 199 guests.

ARCTIC WILDLIFE

Wonder-filled moments abound — a pod of whales spotted from the deck, a walrus haulout on a rocky shore, a polar bear traversing its natural habitat. On guided walks, watch for Arctic foxes and Svalbard reindeer across the tundra.

ZODIACS & ICE CRUISING

Navigate by Zodiac® through channels dotted with icebergs and flanked by shimmering glaciers. We also dedicate at least one day to ice cruising, heading north into the pack ice to search for wildlife and take in panoramic views from our uncrowded decks.

HISTORIC REMAINS

Remnants of human settlement appear throughout Svalbard, from whaling-era cottages to trappers' huts. These austere structures, standing against some of the harshest conditions on Earth, speak to a life of extraordinary isolation and resilience.

The Northwest Passage

Follow the routes of legendary Arctic expeditions into a landscape where history, wildlife, and dramatic ice-filled channels converge at every turn.

BEECHEY ISLAND

Sir John Franklin's ill-fated expedition wintered here in 1845, establishing this island as a pivotal hub for Arctic exploration. Today, historic grave markers stand against a stark backdrop of gravel ridges, vast beaches, and the occasional polar bear.

BELLOT STRAIT

This narrow channel between Somerset Island and mainland North America was first charted in 1852 during the search for the Franklin expedition, but it wasn't successfully crossed until 1937. Watch for drifting icebergs and majestic bowhead whales along the way.

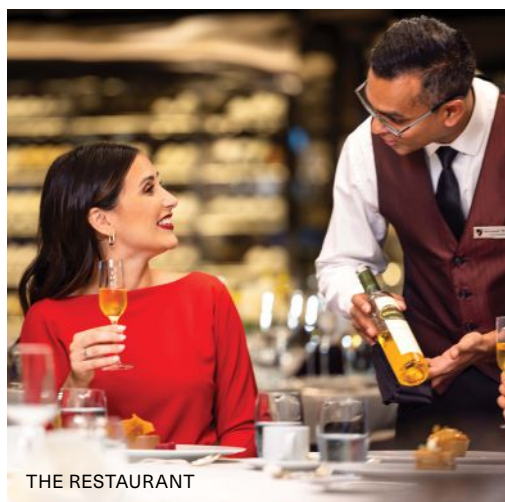

GJOA HAVEN

Roald Amundsen anchored here during his successful navigation of the Northwest Passage, spending two winters conducting geomagnetic observations before pressing west in 1905. The town, named for his ship, remains a stronghold of Inuit culture and traditional handicrafts.

WEDDELL SEAL, ANTARCTICA

KING PENGUINS, SOUTH GEORGIA

PORT STANLEY, FALKLAND ISLANDS

ANTARCTICA

ANTARCTICA, SOUTH GEORGIA & FALKLAND ISLANDS

Antarctica and its neighboring islands are alive on a scale few places can match — hundreds of thousands of king penguins on South Georgia, breaching humpbacks in icy channels, and the unspoiled landscapes of the White Continent itself.

SEASON HIGHLIGHTS

- » Witness massive glaciers and icebergs up close with **your expert Expedition Team**
- » **Spot rare wildlife** from boisterous penguins and graceful minke whales to raucous elephant seals
- » **Become one of the few to walk along the uninhabited coasts** of Antarctica

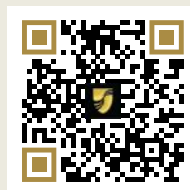

NOTABLE DESTINATIONS

- » On your expedition south, we may visit Antarctic destinations* like **Neko Harbour, Cuverville Island, and Deception Island**
- » Venture to **South Georgia** and the **smaller islands of the Falklands** to discover their enthralling history, majestic albatrosses, and rugged landscapes
- » Come face-to-face with the colossal **Pío XI Glacier** in the **Chilean Fjords**

EXCLUSIVE EVENTS

Antarctica, South Georgia & Falkland Islands

SEASONS OF ANTARCTICA

Antarctica transforms with the season. From the sculpted sea ice of early departures to the wildlife-rich waters of late summer, each expedition reveals a distinct expression of the White Continent — shaped by light, ice, and life at the edge of the world.

EARLY SEASON

(Late October to early December)

Early season brings dramatic sea ice, active penguin courtship and nesting, and the possibility of rare emperor penguin sightings.

MID-SEASON

(Mid-December to early February)

Mid-season offers longer days, ideal conditions for exploration, and the opportunity to see penguin eggs and newly hatched chicks in their nests.

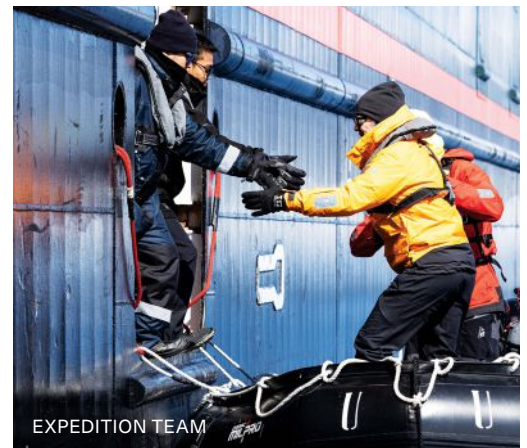

LATE SEASON

(Mid-February to March)

Late season delivers snow-free landing sites, maturing penguin chicks, and peak whale activity — especially humpbacks feeding in rich Antarctic waters.

EXPEDITION HIGHLIGHT SOUTH GEORGIA

Half of South Georgia is permanently covered by glaciers. It's inhospitable to man, but the surrounding seas are the most nutrient-rich on earth, making this a mecca for wildlife. You'll find some species here that you probably won't see in Antarctica, like blue whales, elephant seals, and king penguins with their vivid orange throats and ear patches.

EXPEDITION HIGHLIGHT ANTARCTIC WILDLIFE

For such a seemingly desolate landscape, Antarctica is filled with life. Experience unforgettable encounters with wildlife in their natural habitats — spot a pod of killer whales, take in the lively energy of a crowded penguin colony, and feel the thrill of seeing a leopard or Weddell seal from a Zodiac®.

ANTARCTICA

CONTACT YOUR TRAVEL ADVISOR, CALL 1.888.873.2675, OR VISIT SEABOURN.COM

Spotlight on the Falklands

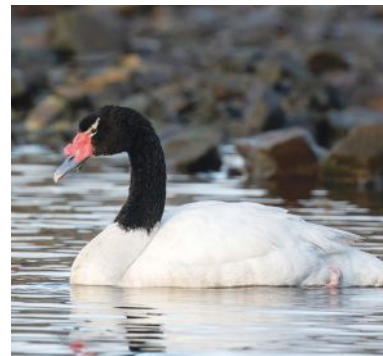

STEEPLE JASON, WEST FALKLANDS

Distinguished by a pair of pinnacles rising a thousand feet on either side of the island, Steeple Jason is one of the most ecologically abundant places in the Falklands. Join your Expedition Team to visit the largest breeding colony of black-browed albatrosses in the world and see the rockhopper penguins that live and breed alongside them.

SAUNDERS ISLAND, WEST FALKLANDS

Saunders Island may be one of the only places where sheep and penguins mingle. Arrive by Zodiac® to explore the first British settlement in the Falklands and see descendants of the original sheep farmers grazing their flocks. Elephant seals, dolphins, and southern right whales can also be spotted from the shores.

STANLEY, EAST FALKLANDS

Head out on an off-road adventure and watch for black-necked swans, Chiloé wigeons, and speckled teals in the flatlands as you make your way to Bertha's Beach. The white sands here are home to a colony of around 800 gentoo penguins. Observe their playful antics and learn about the endemic flowering plants in the area.

EXPEDITION HIGHLIGHT PÍO XI GLACIER, CHILE

Emanating from the massive Southern Patagonian Ice Field, Pío XI is one of the longest glaciers in South America and has been advancing in fits and spurts since 1945. Board a Zodiac and join our Expedition Team for an expedition into the ice field, watching and listening for the thunderous crash of calving icebergs.

EXPEDITION HIGHLIGHT THE JUAN FERNÁNDEZ EXPERIENCE

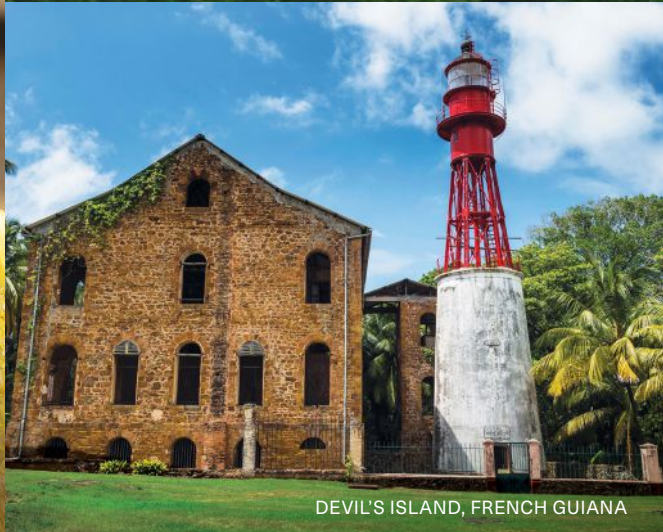

This isolated island group lies 400 miles off the coast of Chile. Head into the hills of Robinson Crusoe Island in search of colorful flowers and the endemic Juan Fernández firecrown hummingbirds they attract. Trace the rugged cliffs of Selkirk Island by Zodiac to watch for pink-footed shearwaters and Juan Fernández fur seals. And try the prized local lobster with a refreshing pisco sour.

South America & the Caribbean

LEGENDS OF THE AMERICAS

Engineering marvels, infamous history, and ancient mysteries: South America and the Caribbean are rich with stories that have captivated the world for centuries.

PANAMA CANAL

Three decades and tens of thousands of laborers produced a feat of modern engineering that may never be repeated. Watch the impressive mechanics raise and lower your ship across multiple elevations as you transit this iconic channel in daylight.

DEVIL'S ISLAND

Wander the ruins of the notorious Cayenne Penal Colony with your Expedition Team. Made famous by the memoir *Papillon*, the institution closed in 1953, yet many original buildings remain, their decaying structures a striking contrast against the tropical vegetation.

NAZCA LINES

Etched into the Peruvian desert between 500 BC and 500 AD, these enormous geoglyphs have puzzled historians for centuries. A flightseeing excursion from General San Martín reveals their full scale — hummingbirds, monkeys, condors, and more stretching across 170 square miles.

Northern Europe

A JOURNEY THROUGH TIME IN SCOTLAND

Scotland's wild coast tells its story in stone — from volcanic origins to Neolithic villages to medieval abbeys.

STAFFA

Sixty-five million years ago, cooling lava formed Staffa's striking hexagonal basalt columns. Cruise by Zodiac® along the cliffsides to witness these geological marvels up close — the same formations that inspired the Vikings to name it "Stave Island."

SKARA BRAE FROM KIRKWALL

Older than Stonehenge by centuries, Skara Brae is one of Europe's best-preserved Neolithic settlements. Buried under sand until an 1850 storm revealed its secrets, this 5,000-year-old village offers a remarkable window into Neolithic life.

IONA ABBEY

Founded in 563 AD, Iona's original monastery helped convert much of pagan Scotland to Christianity. The abbey standing today dates to the 13th century, and its collection of over 180 medieval carved stones and crosses remains extraordinary.

LEGEND:

IMAGE MASTERS

ZODIAC

KAYAKING

EXPEDITION HIGHLIGHT SCHULL, IRELAND

This charming West Cork village is a gateway to Ireland's southwestern tip at Mizen Head, where a narrow footbridge spans a deep rocky gorge to reach the lighthouse — and uninterrupted views that stretch to the horizon.

12-DAY WILD BRITISH ISLES & IRISH SHORES
