INTERVIEW

What makes voyages with Hapag-Lloyd Cruises so special?

Olaf Schäfer: They are ideally tailored to the needs of golfers. You are always accompanied by experienced PGA golf professionals who are on hand to offer advice and assistance to participants, both on board and ashore. For this reason, Golf & Cruise is not only a golfing voyage of discovery, but also offers the opportunity to improve your own game individually during the cruise and take it to a whole new level.

To whom would you recommend Golf & Cruise voyages with the EUROPA and the EUROPA 2?

Olaf Schäfer: To all golfers who are looking to slow down and enjoy the exceptional luxury of our ships. The cruises are ideal for people who enjoy playing on different golf courses, meeting like-minded people and discovering the (golfing) world together.

What fascinates you personally about playing golf in different countries and on new courses?

Olaf Schäfer: It's the people and their cultures as well as the golf courses set in a wide variety of landscapes, shaped and formed over millions of years. Imagine playing on a golf course in the middle of a rainforest. Caddies give you decisive tips and, as you follow the fairways, you'll listen to the sounds of the jungle and sense the multitude of animals living there – and maybe you'll even spot one of them.

You have had the chance to experience many golf courses around the world. Which one do you remember particularly well?

Olaf Schäfer: A highlight for me is Pinnacle Point Golf Course near Mossel Bay, South Africa: an excellently maintained course situated directly on the cliffs, which is unrivalled for its breathtaking views of the landscape and the Indian Ocean. The fairways are spectacular; you tee off over gorges, play along the rugged coastline and, in many places, see ancient cave formations nestled in the reddish cliffs below the lush green golf course – a wonderful contrast. With a bit of luck, you can even spot schools of dolphins playing in the ocean and, sometimes, sea eagles circling slowly overhead.

PGA golf professional **Olaf Schäfer** has been working for Hapag-Lloyd Cruises since 2008 and leads Golf & Cruise voyages with great dedication, humour and expertise.
