## NURTURING THE BLUE PLANET AND ITS PEOPLE

With over 300 years of maritime tradition in its founding family, MSC cares deeply about the world's seas and the communities they support. The MSC Foundation is an independent non-profit organisation established to advance the Group's conservation and humanitarian commitments. The MSC Foundation Centre on board welcomes guests of all ages who want to learn more and show their support for the Foundation's work.

## SUPER CORAL REEFS PROGRAMME

The Super Coral Reefs Programme, led by the MSC Foundation and our team of scientists, works to safeguard coral reefs by cultivating hardy "Super Coral" as a scalable restoration model. On Ocean Cay, we develop innovative techniques at our Marine Conservation Centre to strengthen fragile marine ecosystems. Through immersive exhibits and guided activities, we help visitors connect with the beauty and vulnerability of coral reefs, inspiring active ocean conservation.

## THE LEARNING BRIDGE

The Philippines is facing one of the world's most severe learning crises, where children struggle to access schools, trained teachers and safe learning environments.

The MSC Foundation and UNICEF have joined forces to bridge this gap through The Learning Bridge, a comprehensive programme designed to improve the quality of early childhood and primary education. Together, we are building the foundations for a brighter educational future for thousands of children.

## THERE'S MORE TO CRUISING

We are committed to taking meaningful, measurable actions that have a long-term positive impact on our guests, our employees and our planet. We continue to work towards achieving net zero greenhouse gas emissions by 2050, by investing in new technology and design, renewable fuels and improving operational efficiency.
