In the Mediterranean, the sun sparkles across secluded bays and charming harbour towns, while Madeira, the Azores and the Canary Islands captivate with lush scenery and dramatic volcanic landscapes. In Great Britain, France and the Baltic region, historic city centres, magnificent architecture and imposing castles offer a fascinating insight into Europe's rich heritage. And where the fjords of Norway, the rugged expanses of Iceland and the Arctic wilderness of Svalbard begin, a true spirit of exploration is born from a sense of wonder.

From the Azores to the North Cape, Europe impresses with its unparalleled diversity.

EUROPE – A CONTINENT FULL OF CONTRASTS

As nature awakens in spring, summer bathes the coastlines in warm light, and autumn lends a special clarity to the North, Europe reveals its remarkable diversity. Each voyage offers a different atmosphere and a fresh perspective on a continent that never ceases to surprise.

GREAT LAKES. WILD COASTLINES.

North America reveals two fascinating worlds that could hardly be more different: the vast waterways of the Great Lakes and the untamed wilderness of Alaska. On extraordinary itineraries, Hapag-Lloyd Cruises' intimate expedition ships take you to places where a sense of scale becomes tangible, nature sets the pace, and each day brings new opportunities for discovery.

The five Great Lakes reveal a world of vast horizons and unexpected discoveries, where expanses of water stretch as far as the eye can see and shorelines echo with history and a spirit of adventure. On selected itineraries, the HANSEATIC inspiration connects all five lakes with the St Lawrence River, following an extraordinary waterway through narrow canals, tranquil inland waters and impressive locks that make every passage a memorable experience. Between vibrant cities, charming waterfront communities and unspoiled natural landscapes, a wealth of contrasts unfolds at every turn: immersive, surprising and rich in fascinating discoveries.

Alaska, by contrast, captivates with its raw, elemental beauty. Towering glaciers, densely forested islands and remote coastlines accompany your journey through the spectacular Inside Passage. With a little luck, brown bears, whales and bald eagles may appear in their natural habitat. Experienced experts draw your attention to both the grand spectacles and the quieter wonders of this extraordinary wilderness, creating experiences that linger long in the memory.

Enjoy spectacular views right from your balcony and the open deck areas.

In Japan and South Korea, expedition itineraries lead to lesser-known coastlines, palm-fringed islands and places where centuries-old traditions remain very much alive. Between Hong Kong and Mauritius, the Indian Ocean becomes an experience in its own right: leisurely days at sea offer a welcome sense of tranquillity, while tropical landscapes and remote island worlds reveal ever-changing perspectives.

Africa, meanwhile, captivates with its raw and elemental beauty. On Reunion, lush volcanic scenery meets the deep blue of the ocean, while in South Africa there are opportunities to encounter the Big Five. Namibia's untamed landscapes, dramatic coastlines and the sun-drenched Cape Verde Islands complete journeys that combine a spirit of adventure with moments of pure relaxation in a truly exceptional way.

Thanks to the highest ice class awarded to passenger ships, you can experience the wonders of the Arctic at close quarters: a pristine wilderness and breathtaking Arctic wildlife. The small expedition ships are ideally suited to reaching some of the most remote and spectacular places in this inaccessible region. Extensive open deck spaces, including a freely accessible bow area, the Observation Lounge with its 180-degree panoramic views, and retractable glass balconies paired with floor-to-ceiling windows, offer exceptional opportunities to spot seals, walruses, whales and polar bears. Explore magical landscapes by Zodiac, gliding past sculpted ice formations and along remote, untouched coastlines. A complete circumnavigation of Svalbard and voyages through the Northwest Passage rank among the most extraordinary routes of our time. Expeditions into a world of wonder for which there is only one word: legendary.

THE SPECTACULAR WORLD OF THE ARCTIC

Adventure and wonder come together on our expeditions to the High North. Towering glaciers, deep fjords and vast unspoilt landscapes provide the backdrop for immersive days of discovery, bringing you closer to the many contrasts of the Arctic world. Small expedition ships, polar-experienced crews and knowledgeable experts ensure authentic polar adventures while awakening your pioneering spirit. Guided by the prevailing weather and ice conditions, the Captain and crew chart a new course each day. When conditions are favourable, your ship may even forge a path through the natural habitat of polar bears, musk oxen and thousands of seabirds, offering extraordinary encounters in one of the world's last great wildernesses.

Discoveries across the vast expanses of the Arctic.

ACTIVE DISCOVERY IN A WORLD OF ICE, ROCK AND LEGEND

There are still pioneering frontiers where humankind remains little more than a visitor. Shaped by mighty glaciers, deep fjords and vast stretches of untouched wilderness, Svalbard offers adventure and expedition cruising in its purest form. With a flexible itinerary, you will experience the wilderness of Svalbard in an immersive and personal way, including opportunities to spot seals, walruses and polar bears in their natural habitat. On our three summer voyages, you will also experience the magic of the Midnight Sun. Here, the days seem to have neither beginning nor end, bathing this extraordinary Arctic world in an endless golden light.
